Computer Methods In Tolerance Design:

Computer Methods for Tolerance Design Robert G. Wilhelm, Stephen C-Y. Lu, 1992 This book describes recent research advances and computer tools that can be applied in the determination of geometric tolerances A framework for tolerance synthesis is developed and used with artificial intelligence techniques to provide computer methods for both analysis and synthesis of geometric tolerance specifications Tolerance primitives based on a sound theory of tolerancing are used to represent tolerance relationships or links between geometric entities and functional requirements Algorithms are developed for the determination of boundedness and the measurement of sufficiency A detailed constraint network is used to represent tolerance relations for a part under design and provide for the composition of tolerance specifications Computer Methods For Tolerance Design S C-y Lu, Robert G Wilhelm, 1992-12-10 This book describes recent research advances and computer tools that can be applied in the determination of geometric tolerances A framework for tolerance synthesis is developed and used with artificial intelligence techniques to provide computer methods for both analysis and synthesis of geometric tolerance specifications Tolerance primitives based on a sound theory of tolerancing are used to represent tolerance relationships or links between geometric entities and functional requirements Algorithms are developed for the determination of boundedness and the measurement of sufficiency A detailed constraint network is used to represent tolerance relations for a part under design and provide for the composition of tolerance specifications Proceedings of the 2000 ASME Design Engineering Technical Conferences and Computers and Information in Engineering Conference ,2000 the 2000 ASME Design Engineering Technical Conferences IDETC and the Computers and Information Engineering Conference CIE were held in Baltimore Maryland p iii **Advances in Design Automation, 1989: Computer-aided and computational Design** Bahram Ravani, 1989 **Proceedings of the ...
