Difficult Loves:

Difficult Loves Italo Calvino, 1984 In a collection of stories written during the 1940s and 1950s the author captures moments of revelation in the lives of ordinary people instants blending recognition and alarm as deceptions and illusions are laid bare

Difficult Games Franco Ricci, 2006-01-01 Examining Calvino's literary experiments as a young artist in search of his narrative voice Ricci explores the psychological and existential motivations intrinsically linked to the writer's need for textual and systemic patterning *I racconti* contains some of Calvino's least read works yet these early stories address issues present scenarios and generate a growing variation of themes that form the heart of Calvino's narrative discourse Ricci points out that melancholy permeates Calvino's works even at his most playful He suggests that if Calvino's highest merit was his sense of wonder and his urge to transform and defeat obscurantism with all the joy he could muster one must remember that his work expressed often painfully the limits of human rationalism *I racconti* can thus be read as a catalogue of the anxieties of both the young author and postwar Italian society

Italo Calvino Italo Calvino, 2013 This is the first collection in English of the extraordinary letters of one of the great writers of the twentieth century Italy's most important postwar novelist Italo Calvino 1923-1985 achieved worldwide fame with such books as *Cosmicomics* *Invisible Cities* and *If on a winter's night a traveler* But he was also an influential literary critic an important literary editor and a masterful letter writer whose correspondents included Umberto Eco Primo Levi Gore Vidal Leonardo Sciascia Natalia Ginzburg Michelangelo Antonioni Pier Paolo Pasolini and Luciano Berio

Image, Eye and Art in Calvino Birgitte Grundtvig, 2017-07-05 Few recent writers have been as interested in the cross-over between texts and visual art as Italo Calvino 1923-85 Involved for most of his life in the publishing industry he took as much interest in the visual as in the textual aspects of his own and other writers' books In this volume twenty international Calvino experts including Barenghi Battistini Belpoliti Hofstadter Ricci Scarpa and others consider the many facets of the interplay between the visual and textual in Calvino's works from the use of colours in his fiction to the influence of cartoons from the graphic qualities of the book covers themselves to the significance of photography and landscape in his fiction and non-fiction The volume is appropriately illustrated with images evoked by Calvino's major texts

Writing Architecture in Modern Italy Daria Ricchi, 2020-10-01 *Writing Architecture in Modern Italy* tells the history of an intellectual group connected to the small but influential Italian Einaudi publishing house between the 1930s and the 1950s It concentrates on a diverse group of individuals including Bruno Zevi an architectural historian and politician Giulio Carlo Argan an art historian Italo Calvino a fiction writer Giulio Einaudi a publisher and Elio Vittorini and Cesare Pavese both writers and translators Linking architectural history and historiography within a broader history of ideas this book proposes four different methods of writing history defining historiographical genres modes and tones of writing that can be applied to history writing to analyze political and social moments in time It identifies four writing genres myths chronicles history and fiction which became accepted as forms of multiple postmodern historical stories after 1957 An
