**The Last Muslim Conquest** Gábor Ágoston, 2023-09-12 A monumental work of history that reveals the Ottoman dynasty's important role in the emergence of early modern Europe The Ottomans have long been viewed as despots who conquered through sheer military might and whose dynasty was peripheral to those of Europe The Last Muslim Conquest transforms our understanding of the Ottoman Empire showing how Ottoman statecraft was far more pragmatic and sophisticated than previously acknowledged and how the Ottoman dynasty was a crucial player in the power struggles of early modern Europe In this panoramic and multifaceted book Gábor Ágoston captures the grand sweep of Ottoman history from the dynasty's stunning rise to power at the turn of the fourteenth century to the Siege of Vienna in 1683 which ended Ottoman incursions into central Europe He discusses how the Ottoman wars of conquest gave rise to the imperial rivalry with the Habsburgs and brings vividly to life the intrigues of sultans kings popes and spies Ágoston examines the subtler methods of Ottoman conquest such as dynastic marriages and the incorporation of conquered peoples into the Ottoman administration and argues that while the Ottoman Empire was shaped by Turkish Iranian and Islamic influences it was also an integral part of Europe and was in many ways a European empire Rich in narrative detail The Last Muslim Conquest looks at Ottoman military capabilities frontier management law diplomacy and intelligence offering new perspectives on the gradual shift in power between the Ottomans and their European rivals and reframing the old story of Ottoman decline

Ransom Slavery along the Ottoman Borders Geza David, 2007-08-31 Notwithstanding the spectacular upswing in the research there are areas of Ottoman slavery that have still not received the attention they deserve This volume intends to take a step towards bridging this gap The twelve studies it contains are organised around connected

themes the hunt for the trade in and the treatment of captives in the Balkans and in Central Europe The area under scrutiny is focussed on Hungary and some other border regions extending from the Crimea to Malta It offers both an analytic and synthetic approach based on a great deal of so far unpublished Ottoman and European archival material It not only examines Christian slavery in the Ottoman Empire but also provides greater insight into the tribulations of Ottoman slaves in the Christian world and sheds light on the devastating effect of captive related transactions on trade and sometimes on the financial position of whole communities

**The Dynamics of Interstate Boundaries** George Gavriliis,2008-09-22  
Grappling with an issue at the core of the modern state and international security George Gavriliis explores border control from the 19th century Ottoman Empire to 21st century Central Asia China and Afghanistan exploring why some borders deter insurgents smugglers bandits and militants while most suffer from infiltration and crisis Earth and the Milky Way Matthew Schlumbohm,2016-04-04 Earth and the Milky Way 2030 2320 by Matthew L Schlumbohm Peace has been forged between the United States and Russia With this peace and their Star Wars Missile Defense System they have managed to deter all military aggression and nuclear developments of third world nations The world is secure Even Japanese military growth is not a threat However when Japan again becomes a militaristic superpower the United States and Russia begin to develop intelligence efforts in Japan At first there seems to be no danger After a few years rumors grow that Japan has developed a new stealth missile Now the United States conventional defense systems have become useless leaving the country open to a brand new threat Don t be afraid to expand your horizons just be ready for what waits for you there
