Management issues Annotated software design bibliography **Selected Reprints in Software** Marvin V. Zelkowitz,1980
While the computer hardware is a physical reality software is hard to describe It cannot be touched tasted or seen but it must
be built and maintained It ages becomes obsolete and often breaks but not in the sense that a transistor or a disk drive fails
It is this realization that separates the current view of software from that of 30 years ago What is software The Computer
articles reprinted in this volume explore some of the answers to that question The articles selected address four topics
programming languages software creation data bases and applications Issues in Data Base Management Herbert
Weber,Anthony I. Wasserman,1979 Data base design Data base software engineering Distributed data bases Impact of new
technologies Data base security and privacy IEEE ... International Conference on Distributed Computing Systems ,1979
 The Complete Guide to Software Testing William C. Hetzel,1988 Ed Yourdan called it a bible for project managers You ll
gain a new perspective on software testing as a life cycle activity not merely as something that happens at the end of coding
An invaluable aid for the development of testing standards and the evaluation of testing effectiveness
