Art Lesson:

Creating Vibrant Art Lesson Plans Kristin Baxter, 2019-04-05 Writing lesson plans is often considered busywork but it can be a useful path for discovering what's important about artmaking and teaching. This book shows teachers how to slow down, breathe, and linger over the process of unit and lesson plan writing to uncover how much this process can support them professionally, creatively, and personally. The user-friendly text offers guidance for selecting an art project for the unit and then zooms into the nitty-gritty of specific lesson plans, including how to identify materials for a project and how to construct classroom dialogue to help students develop ideas for their artwork. The text also considers standards, assessments, and extensions to other subject areas. Featuring accessible language, clear definitions, practical examples, and self-reflection prompts, this unique resource will help pre- and inservice teachers create lesson plans that are useful to their specific contexts and methods of teaching. If you happen to be feeling weary, frustrated, or uninspired, this book sparks imagination, fuels hope, and gives you theories to support what you know needs to be done. From the Foreword by P. Bruce Uhrmacher, Christy McConnell, Moroye, and Bradley Conrad, educational researchers, Baxter invites us to slow down and consider the lesson plan as a creative catalyst to inspire our own artmaking, as well as a space to examine why and what we teach. Lisa Hochtritt, Maryland Institute College of Art, an inspiring and playful resource that is much more rewarding than typical lesson planning. It will surely spark your imagination with every flip of the page. Hailey Adlard, art educator, Parkland School District, PA.

The Art Lesson Tomie dePaola, 1997-05-19 Tommy knows he wants to be an artist when he grows up. He can't wait to get to school and have real art lessons. When Tommy gets to school and finds out that the art lessons are full of rules, he is surprised and dismayed. How the wise art teacher finds a way to give Tommy the freedom to create and stay within the rules makes a wonderfully perceptive picture book about growing up and keeping one's individuality. Tomie dePaola is the author and illustrator of many beloved books for children, including the Caldecott Honor Book *Strega Nona*. Fans of all ages will be pleased to hear that *The Art Lesson* is in fact based on the artist's own experiences growing up and offers a welcome glimpse into his past. This bright picture book is as covered with drawings as the walls of Tommy's parents and grandparents' houses and sends an inspirational message to budding artists and individualists. **Break out the crayons!**

Creating Art for All Ages Frances Flicker, Jacqueline G. Van Schooneveld, Jeanne Richins, 2020-10-23 This is the third book in the series *Creating Art for All Ages*. The series takes students on an interdisciplinary, cross-content journey. Each book provides experiences in language arts, social studies, math, and art as the students investigate ancient and modern civilizations. *Industry and Imagination in Ancient and Modern Civilizations* is the third book of the series and examines the generations of the Industrial Revolution, society during WWI and WWII, modern and contemporary times.
