## **Copper Scroll Decoded:**

The Copper Scroll Decoded Robert Feather, 1999 In his research of the Copper Scroll Robert Feather has made two interlinked discoveries firstly the location of the treasure that is referred to in the Scroll not only the silver gold and jewellery that is already in museums but also the exact sites at which the remaining items lie buried This news will cause excitement amongst archaeologists throughout the world In 1959 1960 John Allegro of Manchester University led unsuccessful trips to find the treasure His translation of the Scroll had been based on some misconceptions that Robert Feather has now been able to identify *The Ancient Alien Theory: Part Six* C.R. Hearns,2022-03-10 The Copper Scroll that was found in a cave by the Dead Sea has been deciphered and the numbers on it that were listed as the weights of hidden treasures have proved to be the indices of a sacred calendar for predicting time into the future Unearthing the Copper Enigma Adam J. Watson,2026-03-07 When archaeologists discovered the Dead Sea Scrolls in the mid 20th century they found hundreds of delicate parchment texts detailing ancient religious beliefs But hidden among them was an anomaly that baffled researchers a single scroll meticulously hammered out of pure copper Even more shocking was its content Unlike the theological texts surrounding it the Copper Scroll contained no prayers or scriptures Once painstakingly sliced open and translated it revealed a highly specific encrypted inventory of 64 locations where staggering amounts of gold and silver were buried across the Judean desert It was quite literally a two thousand year old treasure map meant to preserve the unimaginable wealth of a falling empire from Roman invaders This fascinating historical investigation traces the decades long obsession with cracking the scroll s cryptic geographical clues It explores the bitter academic rivalries the clandestine expeditions and the profound historical implications of a fortune that if found today would be worth billions of dollars yet remains entirely undiscovered Step into the greatest unsolved treasure hunt in human history Discover the metallurgical marvel of the Copper Scroll and the relentless archaeological quest to decode a map where the landmarks disappeared two millennia ago **The Qumran Chronicle** ,2007
