Benito Cereno:

BENITO CERENO Herman Melville, 199? BENITO CERENO by Herman Melville IN THE year 1799 Captain Amasa Delano of Duxbury in Massachusetts commanding a large sealer and general trader lay at anchor with a valuable cargo in the harbour of St Maria a small desert uninhabited island towards the southern extremity of the long coast of Chili There he had touched for water On the second day not long after dawn while lying in his berth his mate came below informing him that a strange sail was coming into the bay Ships were then not so plenty in those waters as now He rose dressed and went on deck The morning was one peculiar to that coast Everything was mute and calm everything grey The sea though undulated into long roods of swells seemed fixed and was sleeked at the surface like waved lead that has cooled and set in the smelter s mould The sky seemed a grey mantle Flights of troubled grey fowl kith and kin with flights of troubled grey vapours among which they were mixed skimmed low and fitfully over the waters as swallows over meadows before storms Shadows present foreshadowing deeper shadows to come To Captain Delano s surprise the stranger viewed through the glass showed no colours though to do so upon entering a haven however uninhabited in its shores where but a single other ship might be lying was the custom among peaceful seamen of all nations Considering the lawlessness and loneliness of the spot and the sort of stories at that day associated with those seas Captain Delano s surprise might have deepened into some uneasiness had he not been a person of a singularly undistrustful good nature not liable except on extraordinary and repeated excitement and hardly then to indulge in personal alarms any way involving the imputation of malign evil in man Whether in view of what humanity is capable such a trait implies along with a benevolent heart more than ordinary quickness and accuracy of intellectual perception may be left to the wise to determine But whatever misgivings might have obtruded on first seeing the stranger would almost in any seaman s mind have been dissipated by observing that the ship in navigating into the harbour was drawing too near the land for her own safety s sake owing to a sunken reef making out off her bow This seemed to prove her a stranger indeed not only to the sealer but the island consequently she could be no wonted freebooter on that ocean With no small interest Captain Delano continued to watch her a proceeding not much facilitated by the vapours partly mantling the hull through which the far matin light from her cabin streamed equivocally enough much like the sun by this time crescented on the rim of the horizon and apparently in company with the strange ship entering the harbour which wimpled by the same low creeping clouds showed not unlike a Lima intriguante s one sinister eye peering across the Plaza from the Indian loop hole of her dusk saya y manta It might have been but a deception of the vapours but the longer the stranger was watched the more singular appeared her manoeuvres Ere long it seemed hard to decide whether she meant to come in or no what she wanted or what she was about The wind which had breezed up a little during the night was now extremely light and baffling which the more increased the apparent uncertainty of her movements Benito Cereno Herman Melville, 2014-09-23 When approached at sea by the slaver San Dominick Captain Amasa Delano of the Bachelor s Delight is

struck by the Spanish ship's dilapidated condition her peculiar captain Benito Cereno and the strange atmosphere among the white crew and black slaves While Delano accepts Cereno's explanation of trying times aboard the Dominick including the death of the slave master Delano's doubt persists and the answers to his questions come in startling fashion HarperPerennial Classics brings great works of literature to life in digital format upholding the highest standards in ebook production and celebrating reading in all its forms Look for more titles in the HarperPerennial Classics collection to build your digital library

Melville's Short Fiction, 1853-1856 William B. Dillingham,2008 This study treats comprehensively the sixteen short works of fiction that Herman Melville wrote between 1853 and 1856 most of which were published in Harper s and Putnam s magazines Concentrating on the writer s two basic motivations for writing as he did in these stories Dillingham argues that Melville created a surface of almost inane congeniality in many of the works an illusion of vapidty that camouflages a profundity often missed by his readers He sought to to hide disturbing themes because the magazines for which he was writing would almost certainly have rejected his attempts to be more direct Dillingham s method is not however confined to a reading of the texts Melville s stories contain so many allusions to the contemporary scene that they constitute in themselves a cultural study An important contribution of Melville s Short Fiction is its discussion of these allusions Finally Dillingham examines the relationship between the short fiction and Melville s own life Much of the writer s frustration and struggle is concealed in these early works Melville s friendship with Hawthorne for example an intense and yet in some ways disappointing relationship for both men is explored as an important influence on several of the stories Melville Andrew

Delbanco,2013-02-20 If Dickens was nineteenth century London personified Herman Melville was the quintessential American With a historian s perspective and a critic s insight award winning author Andrew Delbanco marvelously demonstrates that Melville was very much a man of his era and that he recorded in his books letters and marginalia and in conversations with friends like Nathaniel Hawthorne and with his literary cronies in Manhattan an incomparable chapter of American history From the bawdy storytelling of Typee to the spiritual preoccupations building up to and beyond Moby Dick Delbanco brilliantly illuminates Melville s life and work and his crucial role as a man of American letters **Benito Cereno**

Herman Melville,2018-10-14 Benito Cereno is a novel by Herman Melville a fictionalized account about the revolt on a Spanish slavery ship captained by Don Benito Cereno first published in 1855 Off the coast of Chile captain Amasa Delano of the American merchant ship Bachelor s Delight visits the San Dominick a Spanish slave ship apparently in distress After learning from its captain Benito Cereno that a storm has taken many crewmembers and provisions Delano offers to help out He notices that Cereno acts awkwardly passive for a captain and the slaves display remarkably inappropriate behavior and though this piques his suspicion he ultimately decides he is being paranoid Employing a third person narrator who reports Delano s point of view without any correction the story has become a famous example of unreliable narration Herman Melville 1819 1891 was born in New York Family hardships forced him to leave school for various occupations including shipping as a cabin boy to Liverpool in 1839 a voyage that sparked his love for the sea A shrewd social critic and philosopher in his fiction he is considered an outstanding writer of the sea and a great stylist who mastered both realistic narrative and a rich rhythmical prose Such were the American s thoughts They were tranquillizing There was a difference between the idea of Don Benito s darkly preordaining Captain Delano s fate and Captain Delano s lightly arranging Don Benito s Nevertheless

it was not without something of relief that the good seaman presently perceived his whale boat in the distance Its absence had been prolonged by unexpected detention at the sealer s side as well as its returning trip lengthened by the continual recession of the goal

Freedom and Dialogue in a Polarized World Sharon Schuman,2013-12-11 Freedom and Dialogue in a Polarized World argues that our most cherished ideas about freedom being left alone to do as we please or uncovering the truth have failed us They promote the polarized thinking that blights our world Rooted in literature political theory and Mikhail Bakhtin s theories of language this book introduces a new concept dialogic freedom This concept combats polarization by inspiring us to feel freer the better able we are to see from the perspectives of others To say that freedom is dialogic is to apply to it an idea about language If you and I are talking I anticipate from you a response that could be friendly hostile or indifferent and this awareness helps determine what I say If you look bored or give me a blank stare I might not say anything at all In this sense language is dialogic The same can be said of freedom Our decisions take into account the voices of others to which we feel answerable and these voices coauthor our choices In today s polarized world prevailing concepts of freedom as autonomy and enlightenment have encouraged us to take refuge in echo chambers among the like minded Whether the subject is abortion terrorism or gun control these concepts encourage us to shut out the voices of those who dare to disagree We need a new way to think about freedom Freedom and Dialogue in a Polarized World presents riveting moments of choice from Homer s Iliad Dante s Inferno Shakespeare s Merchant of Venice Milton s Paradise Lost Melville s Benito Cereno Dostoevsky s The Brothers Karamazov Kafka s In the Penal Colony and Morrison s Beloved in order to advocate reading for and with dialogic freedom It ends with a practical application to the debate about abortion and an invitation to rethink other polarizing issues For more information please visit <http://dialogicfreedom.weebly.com>
