Unwin, 1986 Adolphe: Large Print Benjamin Constant, 2018-09-24 Adolphe Large Print By Benjamin Constant Adolphe is a classic French novel by Benjamin Constant first published in 1816 It tells the story of an alienated young man Adolphe who falls in love with an older woman Ell nore the Polish mistress of the Comte de P Their illicit relationship serves to isolate them from their friends and from society at large The book eschews all conventional descriptions of exteriors for the sake of detailed accounts of feelings and states of mind *Adolphe and the Red Notebook* Benjamin Constant, 2024-11-01 In these two remarkable works a brilliant vain long suffering Frenchman describes the first twenty years of his life and their culmination in a tortured love affair with a possessive older woman Constant attempted to conceal the fact that these two books were autobiographical To his friends and acquaintances however it was clear that Adolphe was really Benjamin himself Constant was an able parliamentarian a champion of liberalism and the author of *The History of Religion* Posterity however remembers him as the man who bared the anatomy of a destructive passion in the story of Adolphe **Adolphe ; And, The Red Note-book** Benjamin Constant, 1948 This charming story paints the literary life of Paris in the nineteenth century Sylvestre Bonnard a retiring philologist and bachelor upon finding the daughter of his long ago love resolves to provide for her and supply her with a dowry However she already has a guardian After a series of incidents and learning that she is being badly treated Bonnard is driven to abduct her He escapes prosecution and eventually is appointed her guardian When Jeanne his ward marries he sells his treasured library to secure her dowry guiltily withholding a few volumes and retires to the country Critics have split over just what is the crime referred to in the title Is it the crime of abduction of which Bonnard is guilty or the crime of retaining a few beloved books from auction or is his rescue of Jeanne from mistreatment a poignant irony making his crime one of benevolence in an inherently malignant social order It is the reader s call **The New Modernist Novel** Elizabeth Pender, 2024-09-30 Considers relationships between modernist literature and literary criticism and argues that new modernist fiction can bring with it new modes of reading Considers how close reading may change as the study of modernism changes to include recently recovered fiction Asks what reading meant for selected critics of modernist literature around 1930 and around 1960 Offers readings of three new modernist novels Djuna Barnes s *Nightwood* John Rodker s *Adolphe* 1920 and Mina Loy s *Insel* Considers key cultural moments of the novels composition and reception Extends the questions about reading raised by these novels to Samuel Beckett s *Comment c est* How It Is and Jean Rhys s short stories Since the late twentieth century new

understandings of modernism have come with new attention to a range of writers Yet if the academic study of modernism took shape around an older narrower selection of writers and works how can its modes of reading be relevant to newly recovered modernist writing This book considers how close reading may change as the subjects of literary study change Elizabeth Pender asks what reading meant for critics of modernist literature around 1930 and around 1960 and then what close reading might look like now for three new modernist novels Djuna Barnes s *Nightwood* John Rodker s *Adolphe* 1920 and Mina Loy s *Insel* tend to resist some of the strategies of reading that helped construct a narrowed modernist canon at mid century such as the pursuit of coherence These novels offer new thinking about the temporality of reading style and the ethics of narration Reading these novels now suggests that other new modernist fiction too may require revisions to vocabularies with which modernist literature has sometimes been read
