A Dictionary of Military Terms Edward Samuel Farrow, 1918 Women's Songs from West Africa Thomas A. Hale, Aissata G. Sidikou, 2013-12-02 Exploring the origins organization subject matter and performance contexts of singers and singing Women's Songs from West Africa expands our understanding of the world of women in West Africa and their complex and subtle roles as verbal artists Covering Cote d'Ivoire the Gambia Mali Niger Nigeria Senegal and beyond the essays attest to the importance of women's contributions to the most widespread form of verbal art in Africa Mande Music Eric Charry, 2000-10 With Mande Music Eric Charry offers the most comprehensive source available on one of Africa's richest and most sophisticated music cultures Using resources as disparate as early Arabic travel accounts oral histories and archival research as well as his own extensive studies in Mali Guinea Senegal and the Gambia Charry traces this music culture from its origins in the thirteenth century Mali empire to the recording studios of Paris and New York He focuses on the four major spheres of Mande music hunter's music music of the jelis or griots jembe and other drumming and guitar based modern music exploring how each evolved the types of instruments used the major artists and how each sphere relates to the others With its maps illustrations and musical transcriptions as well as an exhaustive bibliography discography and videography this book is essential reading for those seeking an in depth look at one of the most exciting innovative and deep rooted phenomena on the world music scene A compact disc is available separately **Africa and Her Peoples** Frank Deaville Walker, 1926 Area Handbook for the Republic of South Africa Irving Kaplan, 1971 *Epic Traditions of Africa* Stephen Belcher, 1999-10-22 Belcher's volume contains a much needed and extremely well integrated overview and discussion of a vast inter related West African culture complex that deserves and requires the kind of original insightful treatment it receives here David Conrad *Epic Traditions of Africa* crosses boundaries of language distance and time to gather material from diverse African oral epic traditions Stephen Belcher explores the rich past and poetic force of African epics and places them in historical and social as well as artistic contexts Colorful narratives from Central and West African traditions are illuminated along with texts that are more widely available to Western readers the Mande Sunjata and the Bamana Segou Belcher also takes up questions about European influences on African epic poetry and the possibility of mutual influence through out the genre This lively and informative volume will inspire an appreciation for the distinctive qualities of this uniquely African form of verbal art **Creole Societies in the Portuguese Colonial Empire** Philip J. Havik, Malyn Newitt, 2015-10-13 In 2004 a conference was held at King's College London to commemorate the centenary of the birth of Charles Boxer The theme of the conference was the development of the culturally mixed Portuguese societies in Asia Africa and America which reflected Boxer's own interest in the social history of Portugal's overseas empire Although the conference papers were published by Bristol University this volume is long out of print and the outstanding quality of many of the contributions has made it necessary for this collection to be republished Portuguese overseas expansion over a period of five

centuries led to the formation of many mixed or creole communities which drew culturally not only on Portugal but also on indigenous societies This cross cultural interaction gave rise to a creole Portuguese identity that in many cases outlasted the formal empire itself Reflecting upon the main tenets of Boxer s work this collection provides a broad geographical perspective upon areas of Portuguese presence in Guinea Cape Verde Angola S o Tom Brazil and Goa The chapters cover a wide range of social strata including plantation slave and maroon communities private settler traders and pirates indigenous trade diasporas and Luso African Luso Brazilian and Afro Brazilian groups as well as the formation of Creole elites against the background of shifting racial gender ethnic linguistic and religious boundaries As such this collection represents an exercise in subaltern history which shows that the informal social relations were often more important in the long term than the formal structures of empire
