Common Sense Law Enforcement Leadership Gerald W. Garner, 2025-08-25 Author Garner provides advice from his numerous books for aspiring sergeants first line supervisors law enforcement mid managers and police chiefs which can all be found here along with a lot of new information These different leadership ranks have enough in common that a single book would be of value to each of them That is of course if the book contained practical advice that the law enforcement leader could apply to the challenges they face virtually every shift This is intended to be that book It recognizes that while many leadership issues are the same regardless of the rank of the leader some of the challenges faced by the sergeant are not identical to the ones confronted by the chief or sheriff While advice applicable to every rank is furnished in each chapter each chapter also addresses the different issues encountered at each leadership level Hopefully all that helpful advice emphasizes practical application not theory After all that is what common sense is all about You will draw heavily upon your training knowledge and experience to do that To be truly effective in your quest you must add a healthy dose of common sense to these things This book will aid you immeasurably by relating the experiences good and bad of other law enforcement leaders The information provided is not based on theory but on actual practice A solid core of common sense supports it The book will also help you take care of yourself by offering time proven advice on working for someone handling bad events when and how to ask for help and surviving the hazards of your position This book is about helping you do your important job extremely well while living to enjoy great satisfaction from your accomplishments It s all about being a leader with common sense It s about you

A Common Sense Approach to Discipline Mike Stefanick, 2009-09 Are you a parent teacher or counselor Do you have a concern about discipline Are you looking for a condensed guide for effective discipline If so then this book is for you The author has personally seen many parents teachers counselors managers and leaders struggle with disciplinary issues He feels he has a lot to offer anyone interested in developing an effective discipline plan There is no doubt that parents and educators play a significant role in honing a child s skills to become a well rounded and productive member of society A Common Sense Approach to Discipline lays a foundation for and provides practical principles for developing an effective plan for discipline The author cites specific instances with realistic scenarios to illustrate his principles He provides numerous insights and thoughts from his own personal experiences and observations This book not only addresses discipline but also includes some very good tips on preparing children for the future and about life in general A must read for anyone dealing with and or working with children The author also makes a special challenge to all educators Educators are encouraged to read and accept the author s personal challenge for them

Common Sense Discipline Roger Allen, Ron Rose, 1993 Psychologist and counselor Roger Allen and Ron Rose director of Faith in Families pool their talents to provide an aged graded approach to instruction and discipline in a user friendly resource that s appropriate for teachers but is also geared toward parents

Corporate Common Sense Thomas J. Wurtz, 2009 In 1776 an American patriot Thomas Paine

authored a revolutionary document titled COMMON SENSE that stirred his fellow countrymen to fight for independence Over 200 years later corporate America is suffering at the hands of weak and often insane leadership If you re tired of your company s weak leadership and ridiculous gimmicks this book is a must read for you Many once proud institutions in America have been socialized Media Education Government And now corporate America is signing on to a socialistic leadership strategy If you believe corporate America is on the wrong path I urge you to join the Eagle Nation and fight for a return to COMMON SENSE leadership The following three lessons from the book illustrates Wurtz s pursuit of COMMON SENSE leadership Discipline Like Momma Would Diversity Training Adults Attending Kindergarten The Noble Pursuit of Extreme Profits In 1776 Thomas Paine proclaimed If there must be trouble let it be in my day that my child may have peace It s time to attack corporate insanity It s what patriots do I hope you will join us

A Gold Bug's Transformation to AI Kit H. Lui,2024-01-18 This book was the result of my personal journey in experimenting and using my POE AI bot called KitLuiInvestBot It was mostly written by my bot with the assistance of my questions research uploading my knowledge source and reviewing and editing of the final book After using my bot I became a follower and investor of AI Early in my career I became a gold bug after experiencing some significant loses in the emerging markets and pretending to be George Soros Ever since then I held my gold investments assiduously even to this day I have always wanted to share some of my knowledge from the books I have read over the past thirty years This book is a result of this exploration and I hope you find it useful and practical in your own investment journey The opinions expressed are mine and not meant to be general investment advice For specific investment advice you should seek the assistance of professionals For quick readers this book is about investing in gold and AI using the bar bell strategy Now let s begin and see if you agree with my investment proposition If you do not agree with me that is okay and maybe you can learn some new things about the life time pursuit of investing and the possibilities of AI as an investment opportunity It is acknowledged that early stage investors have already profited from the AI investment trend but arguably this is secular trend and will last a long time just in time for the next bull market which started in late 2023 These are investment strategies that you can use right now We also hope that you can improve your investment skills by understanding the principles described in this book Consider it as a reminder if you are a

veteran investor This book is not meant to be a detailed case for a bull market in gold or AI This is just my own opinion and experience There are plenty of resources out there which explore these areas There are also plenty of financial analysts that provide outlooks on new investment trends that does a better job than my boo on the inevitability of gold and AI However this book is unique in that it will make you reflect on your own style of investment and will give ideas for improvement It will question your own biases and is a check list for do s and don ts for beginners and experts alike Throughout the book I share valuable advice for both beginners and experts in the field of investing I would like to emphasize the importance of education starting early and saving money as key principles for building a strong foundation in investment Additionally I hope the reader comes away with a deeper understanding of the significance of investing in what one understands being patient and disciplined and seeking value opportunities Furthermore my use of the POE AI bot KitLuiInvestBot adds a unique perspective to the book By incorporating AI into their investment journey I hope to showcase the potential of AI as an investment opportunity The most important thing to remember about this book is its emphasis on self reflection and continuous improvement I encourage readers to question their own biases and to constantly evaluate their investment style This introspective approach serves as a reminder for both beginners and experts to remain open minded and adaptable in their investment decisions Hope you enjoy The Child ,1912 **Special Trust and Confidence** Cathy Downes,2013-11-26
