Communication For Gender Sen

Richard Bailey

Communication For Gender Sen:

Gender-Sensitive Indicators for Media: Framework of indicators to gauge gender sensitivity in media operations and content UNESCO,2012-01-01 **Towards Resilient Societies: The Synergy of Religion, Education, Health, Science, and Technology** Maila D.H. Rahiem,2025-07-31 Resilience and sustainability are essential in navigating today's global challenges Towards Resilient Societies The Synergy of Religion Education Health Science and Technology presents innovative interdisciplinary research that explores how diverse fields contribute to building adaptive and inclusive communities This book highlights the intersections of governance education health science technology social transformation and ethical perspectives in achieving sustainable development This proceedings publication features 164 peer reviewed papers by scholars all over the world and delves into seven key themes education and psychology in resilience building governance and political transformation economic and legal frameworks for sustainability scientific and technological advancements for societal resilience religion ethics and sustainability language communication and humanities in cultural and social sustainability and gender equity and inclusive development By integrating these themes the book aligns with the United Nations Sustainable Development Goals SDGs and provides theoretical and practical insights for shaping a sustainable future This is an essential resource for academics researchers policymakers and professionals in sustainability governance and development studies science and technology education and health and social sciences It offers evidence based insights and strategic recommendations for fostering more resilient and equitable societies *Gender, Intersectionality and Climate Institutions in Industrialised States* Gunnhildur Lily Magnúsdóttir,Annica Kronsell,2021-06-16 This book explores how climate institutions in industrialized countries work to further the recognition of social differences and integrate this understanding in climate policy making With contributions from a range of expert scholars in the field this volume investigates policy making in climate institutions from the perspective of power as it relates to gender It also considers other intersecting social factors at different levels of governance from the global to the local level and extending into climate relevant sectors The authors argue that a focus on climate institutions is important since they not only develop strategies and policies they also reproduce power relations promote specific norms and values and distribute resources The chapters throughout draw on examples from various institutions including national ministries transport and waste management authorities and local authorities as well as the European Union and the UNFCCC regime Overall this book demonstrates how feminist institutionalist theory and intersectionality approaches can contribute to an increased understanding of power relations and social differences in climate policy making and in climate relevant sectors in industrialized states In doing so it highlights the challenges of path dependencies but also reveals opportunities for advancing gender equality equity and social justice *Gender Intersectionality and Climate Institutions in Industrialized States* will be of great interest to students and scholars of climate politics international relations gender studies and policy studies
