Communicators Commentary:

Communicator's Commentary Myron S. Augsburger,1991-05 **Communicator's Commentary New Testament**
Lloyd John Ogilvie,1989-08-01 **Prophetism from Scripture to Practice** Daniel Nii Aboagye Aryeh,2025-12-12 This book critically examines the relationship between prophetic practices in the Bible and contemporary prophetism in African Christianity Pentecostalism continues to evolve across Africa with its beliefs and practices mimicking the older and well established Christian denominations along with the emergence of newer versions of prophetism or neo prophetism The contributions analyse the theological underpinnings of Pentecostal prophetism and evaluate prophets claims that their practices align with biblical precedents With careful exegesis of relevant biblical passages the book considers the degree to which modern prophetic practices comply with biblical stipulations It provides insights in particular from Ghana Nigeria and Haiti and will be of interest to scholars of African Christianity theology and biblical studies Legal Issues in Global Contexts Kirk St. Amant,Martine Rife,2016-12-05 Today it has been said the world is flat as online media allow information to move easily from point to point across the earth International legal differences however are increasingly affecting the ease with which data and ideas can be shared across nations Copyright law for example affects the international flow of materials by stipulating who has the right to replicate or to share certain kinds of content Similarly perspectives on privacy rights can differ from nation to nation and affect how personal information is shared globally Moreover national laws can affect the exchange of ideas by stipulating the language in which information must be presented in different geopolitical regions Today s technical communicators need to understand how legal factors can affect communication practices if they wish to work effectively in global contexts This collection provides an overview of different legal aspects that technical communicators might encounter when creating materials or sharing information in international environments Through addressing topics ranging from privacy rights and information exchange to the legalities of business practices in virtual worlds and perspectives on authorship and ownership the contributors to this volume examine a variety of communication based legal issues that can cause problems or miscommunication in international interactions Reviewing such topics from different perspectives the authors collectively provide ideas that could serve as a foundation for creating best practices on or for engaging in future research in the area of legal issues in international settings The Communicator's Commentary Mark D. Roberts,1993 Ezra and Nehemiah address issues that make the front pages of our newspapers and they speak to the yearnings of our hearts This is why the author of this volume Dr Mark Roberts enthusiastically encourages Christian communicators to explore these somewhat obscure Old Testament texts For much the same reason the author believes modern pastors and Bible students can benefit from careful study in the often maligned book of Esther He emphasizes the book s contemporary relevance stating Esther encourages us to grapple with pressing moral issues in light of God s wisdom As a pastor with a passion for communicating God s truths to young people and to the unchurched in our world Dr Roberts

shares his personal success in using the books of Ezra Nehemiah and Esther to address contemporary needs Not only is this commentary well written and carefully researched but as an added plus Dr Roberts deep faith and his dynamic relationship with Christ shine through every page As Dr Lloyd Ogilvie says in the editor s preface the author of this fine volume is vulnerable open and honest about how the Scriptures he explains have impacted his own life Marked by the excellence you have come to expect in the Communicator s Commentary series this latest volume wrestles with difficult questions such as the rightful place of Esther in the canon and the puzzling roles of Sheshbazzar and Zerubbabel provides a wide range of quotations and anecdotes from modern and classical sources to help us communicate God s message today and offers balance of exegetical historical and literary analysis along with penetrating applications of the truths reflected in these texts As communicators Dr Ogilvie says we all long for those magnificent moments in our preparation when we are gripped with an inspired insight into a passage of Scripture that prompts us to exclaim that will preach We are filled with excitement and enthusiasm to share what we ve discovered This is exactly what will happen as you study this commentary It is power packed and brimming over with new insight into familiar passages

The Robert Hussein Case George J. Gatgounis,2022-05-27 Of the many influential religious liberty cases with which the Rev Dr George Gatgounis Esq has been involved his work through the Rutherford Institute as counsel on the Robert Hussein case in Kuwait is certainly one of the most compelling Hussein was a Kuwaiti citizen sentenced to death by his government in the 1990s for converting to Christianity When efforts by his legal team and U S officials failed to overturn the sentence Hussein fled to America but eventually converted back to Islam and returned to Kuwait This thoroughly footnoted book provides unique insight into the Islamic legal system and how the United States might respond to it

A Faith Worth Living Chuck Queen,2011-03-03 What does a Christianity constructed upon and pervaded by a theology of God s unconditional love look like Aimed at a wide audience A Faith Worth Living provides one portrait Chuck Queen weaves together biblical interpretations theological reflections and spiritual observations drawn from stories movies literature and common life experiences in his argument for an inclusive Christianity In a simple though scholarly informed style he addresses Christians students of religion and spiritual seekers Key elements of the presentation include a transformative faith holistic and non dualistic God s dream for the world kingdom theology Jesus nonviolent atonement the church as a kingdom community universal salvation judgment and the cosmic Christ acceptance of other religious traditions and the dynamics of a radical discipleship to the way of Jesus

The Gospel of Matthew John Nolland,2005-11-01 Having devoted the past ten years of his life to research for this major new work John Nolland gives us a commentary on the Gospel of Matthew that engages with a notable range of Matthean scholarship and offers fresh interpretations of the dominant Gospel in the history of the church Without neglecting the Gospel s sources or historical background Nolland places his central focus on the content and method of Matthew s story His work explores Matthew s narrative technique and the inner logic of the unfolding text giving full weight to the Jewish character of the book and its

differences from Mark's presentation of parallel material. While finding it unlikely that the apostle Matthew himself composed the book, Nolland does argue that Matthew's Gospel reflects the historical ministry of Jesus with considerable accuracy and he brings to the table new evidence for an early date of composition. Including accurate translations based on the latest Greek text, detailed verse-by-verse comments, thorough bibliographies for each section, and an array of insightful critical approaches, Nolland's Gospel of Matthew will stimulate students, preachers, and scholars seeking to understand more fully Matthew's presentation of the gospel narrative.

Only by Grace Anne Sanders Grace, 2019-09-17. Down through the ages, songs have expressed the feelings of people forever. We have the same hopes and dreams, fears and longings. Only God can meet our needs by His grace, so we must rely upon Him. In this *Only by Grace*, author Anne Sanders Grace has chosen to highlight five songs that express God's love and grace: *Amazing Grace*, *Twas Grace*, *Rainbow of Grace*, *Marvelous Grace*, and *Only by Grace*. Some are familiar hymns and some are new ones God gave to her. It is her desire that as you read this book or sing these songs, you will come to realize what a great, amazing, marvelous, loving God we serve—a God who wants to have a relationship with each of us. God is the instigator and the provider of love and grace. But first, we must believe Him and receive His Son, Jesus's forgiveness and salvation. And we can only do this by His grace.

Jesus Revealed Mark D. Roberts, 2002-08-20. *Jesus Revealed* reintroduces readers to the true Son of God, helping them see him with clear vision so that they can love him more fully and follow him more completely. Readers will be surprised and delighted as they get to know the Jesus whose face is clearly revealed through the titles God gave him and the names used for him by his earliest followers. A sense of comfortable familiarity with the Savior can cloud people's vision and even prevent them from drawing closer to Jesus as he really is. His titles and descriptions are heard so often that it's easy to miss the impact of their true meaning. Even the name Jesus is so well known that it has lost much of its power in believers' lives. In these pages, readers will encounter a Jesus who surprises and unsettles, who comforts and empowers in astonishingly authentic ways. Each chapter focuses on one aspect of Jesus' identity, such as Rabbi, Son of Man, Light of the World, As pastor and scholar, Mark Roberts explores what's behind each of these titles; he brings insight into the theological and historical meanings and then relates them to life today. Readers will travel back to first-century Palestine, meet the God-man we know as Jesus, and experience a soul-changing encounter with him. Because to know him is to love him.

Communicators Commentary Introduction

In today's digital age, the availability of Communicators Commentary books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Communicators Commentary books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Communicators Commentary books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Communicators Commentary versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Communicators Commentary books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Communicators Commentary books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Communicators Commentary books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to

borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Communicators Commentary books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Communicators Commentary books and manuals for download and embark on your journey of knowledge?
