**Shrimad Bhagavad Gita: As Taught in a Traditional Indian Gurukulam** Raadhaa Acharya, 2022-09-01 This Book of Golden words called the Bhagavad Gita is based on the words my Guru Acharya saints sages tattva vits and great scholars on the bank of river Ganga Through this book I have attempted to give the reader a feel of studying Vedanta in a traditional Gurukulam Since self knowledge can only be gained by self we are always short of words in unfolding the scriptures I have tried to explain the meaning of the verses through different references which makes the reader understand the meaning easily Gaining self knowledge is a karma that involves a lot of insight analysing logical thinking and examining Words look very simple but understanding their meaning requires a lot of effort Self knowledge is also a transfer of positive energy which is transferred through words And here I have tried to give the meaning after analysing words by different Gurus and acharyas Since I also teach in Japanese medium my insight into meaning is not limited to dictionary translation but goes beyond and I try to relate through phrases and examples This process of understanding and giving words to the verses and hidden words in verses of Shrimad Bhagavad Gita will go on till I die After doing courses and staying in ashram a shishya gains a different vision Everything changes this Samsara world doesn't attract one anymore Silence becomes a gift One starts enjoying Brahman's creation and values them more day by day Living a conscious life and seeing your connection with Brahman who blesses you with his powers you get energised and rejuvenated You value life and live every moment of it in a state of Bliss That's the power of Shrimad Bhagavad Gita
