

AMERICAN CHIVALRY.

I am convinced that a lady, no matter what her age and attractions might be, could journey through the whole extent of the union, not only without experiencing a single annoyance, but aided in every possible way with unobtrusive civility. Indeed, great numbers of Sophonisbas and Almiras do travel about, protected only by the chivalry of their countrymen and their own undoubted propriety. To them the best seats, the best of everything, are always allotted. A friend of mine told me of a little affair at New York theatre, the other night, illustrative of my assertion. A stiff-necked Englishman had engaged a front place, and of course the best corner: when the curtain rose, he was duly seated, opera-glas in hand, to enjoy the performance. A lady and gentleman came into the box shortly afterwards; the cavalier in escort, seeing that the place where our friend sat was the best, called his attention, saying "The lady, Sir," and motioned that the corner should be vacated. The possessor, partly because he disliked the imperative mood, and partly because it bored him to be disturbed, refused. Some words ensued, which attracted the attention of the sovereign people in the pit, who magisterially inquired what was the matter? The American came to the front of the box and said, "There is an Englishman here who will not give up his place to a lady." Immediately their majesties swarmed up by dozens over the barriers, seized the offender, very gently though, and carried him to the entrance; he kicked, cursed, and fought all in vain; he excited neither the pity nor the anger of his stern executioners; they placed him carefully on his feet again at the steps, one man handing him his hat, another his opera-glass, and a third the price he had paid for his ticket of admission, then quietly shut the door upon him, and returned to their places. The shade of the departed Judge Lynch must have rejoiced at such an angelic administration of his law!—*England in the New World.*

Fighting for American Manhood Kristin L. Hoganson,1998-01-01 This groundbreaking book blends international relations and gender history to provide a new understanding of the Spanish American and Philippine American wars Kristin L Hoganson shows how gendered ideas about citizenship and political leadership influenced jingoist political leaders desire to wage these conflicts and she traces how they manipulated ideas about gender to embroil the nation in war She argues that racial beliefs were only part of the cultural framework that undergirded U S martial policies at the turn of the century Gender beliefs also affected the rise and fall of the nation s imperialist impulse Drawing on an extensive range of sources including congressional debates campaign speeches political tracts newspapers magazines political cartoons and the papers of politicians soldiers suffragists and other political activists Hoganson discusses how concerns about manhood affected debates over war and empire She demonstrates that jingoist political leaders distressed by the passing of the Civil War generation and by women s incursions into electoral politics embraced war as an opportunity to promote a political vision in which soldiers were

venerated as model citizens and women remained on the fringes of political life These gender concerns not only played an important role in the Spanish American and Philippine American wars they have echoes in later time periods says the author and recognizing their significance has powerful ramifications for the way we view international relations Yale Historical Publications *The American Citizen* ,1912 **Civilization in the United States** Harold Stearns,1922 [The History of American Expansion and the Story of Our New Possessions](#) Murat Halstead,1898 *Hearst's International* ,1913
