Beginning Again:

Beginning Again Mary C. Earle, 2004-10-01 A practical and spiritual guide to find God during times of health crisis or chronic disease In 1995 Mary Earle was hospitalized with acute pancreatitis When she was able to return home she still faced a long recovery She had to stay in bed most of the time and eating was difficult some days The busy life she had always known was gone and she had to begin again Like others who suffer from serious or chronic conditions Mary Earle found that living with illness can require major adjustments in life Using St Benedict s ancient Rule his way of ordering the life and days of religious communities *Beginning Again* teaches readers how to discern a rule of life that helps them with changes in resting and activity levels with food restrictions and requirements for medicine or medical treatment The ancient Benedictine concepts of stability obedience and conversion can help anyone living with illness even those who are dying *Beginning Again* is a practical resource written for those who know little about St Benedict and his Rule of Life with exercises to help readers discover how to live with God at the center of their lives and illnesses It is useful for those living with illness and for clergy counselors and spiritual directors who care for them

Beginning Again Sam L. Bevard, 2006-10 Mr Bevard s relationship with the newspaper has been advantageous as his unique style and both the content and the quality of his writing appeals to many of our readers Bob Hendrickson Columnist Publisher of the Maysville Ledger Independent The road led to a ramshackle tobacco barn on the ridge then curved up one last little rise before leveling as a slash through thickets of ash and cedar In his later years after developing a reflective nature John would form a psychic bond with the unknown dead men who had built the barn and once hauled tobacco to it over the old dug road from fields long gone back to woods He paused near the barn as day and night stood in perfect balance In the years ahead John would watch this interplay of light and darkness many times at the beginnings and endings of untold days The delicate shades would become to him metaphoric of the forces that move the universe This passage from *John Shoots His First Gobbler* typifies Sam Bevard s approach to the outdoor experience in this eclectic collection of stories

Beginning Again Deborah J. Haynes, 2018-09-26 What does it mean to become and work as an artist today What unique challenges do artists face in the twenty first century and what skills are required to overcome them How might art become an expression of spiritual life In addressing these and other questions Deborah J Haynes offers reflections that range from the practical to the deeply philosophical She explores challenging ideas impermanence suffering and the inevitability of death the virtues of generosity kindness and compassion and more abstract concepts such as negative capability groundlessness and wisdom Individual chapters are framed by personal stories and images from the artist s work *Beginning Again Reflections on Art as Spiritual Practice* is a personal statement born from the author s experience as an artist writer teacher and Buddhist practitioner Haynes writes for artists and for all exploring the relationship of their creativity to the inner life For Haynes making and looking at art can be a form of meditation and prayer a space for solitude silence and living in the present
