Deep Stuff

Steven T. Griggs, Ph.D.

Deep Stuff:

Deep Stuff David F. Koziel, Jr., 2017-02-05 Deep Stuff is a scientific and philosophical treatment to existing concepts in physics astronomy history and spirituality one which explains pertinent issues in a comprehensible way Such topics explored within include the history of the universe the Big Bang and the relentless expansion of space time dark matter and dark energy black holes and event horizons the birth and death of planet Earth and possibilities for life elsewhere in the cosmos Along the way considered is the indescribable vastness of existence and how all of this relates to the human condition From a fleck of dust in an ocean of eternity this is the exploration of the depth of reality a quest of enlightenment by humankind pursuing a feeble attempt to understand it all

Humour Me Kenneth Thompson, 2019-04-03 Kenneth wrote this book at the age of twenty one In his high school yearbook Kenneth won Funniest Twitter Account and has been riding off that success ever since Every time Kenneth eats at a restaurant he tells the server that he won Funniest Twitter Account in his high school yearbook so that they will give him a discount They never do Kenneth once got a parking ticket and tried explaining to the judge in a very civil manner that his ticket should be invalidated given that he won Funniest Twitter Account in his high school yearbook The judge didn't invalidate it Kenneth once really liked a girl who didn't like him back even after he explained to her that he won Funniest Twitter Account in his high school year book She still didn't like him back Though his yearbook award has yet to repay him with any good fortune Kenneth is still hopeful that he can use this success to one day get what he wants Until then Kenneth plans on writing books with no central theme or plot and hopes that people develop an affinity for something in this very weird preachy brief anthology He hopes you enjoy some of it

Why Relationships Fail Steven T. Griggs, Ph.D., 2018-07-02 I've been a practicing psychologist in an outpatient setting for over thirty two years I run into eight conditions almost every day addictions anxiety ADHD learning disabilities assertiveness children's behaviors mood disorders relationships and self esteem Relationships are one of the most important of these in its own right but in every one of the other seven areas it like self esteem and assertiveness plays a huge role Usually when people have a good relationship the problems in each of these groups diminish A graduate professor once told me there are two things that either make or break people One is employment and the other is having a good relationship If you are reading this chances are your relationship is in trouble Do you suffer from the dysfunction of not communicating well The symptoms vary but usually include fighting withdrawal icily staring at each other avoiding contact sleeping in separate bedrooms or worse You could be having an affair even if it is just an emotional one There could be substance abuse or domestic violence These are all warning signs Some are dramatic and harmful Others are chronic and annoying If you have any of these signs and your relationship is the cause this ebook is for you In this ebook I start out with a discussion of the Four Stages of Relationships Intimate relationships do not just happen They evolve Their progress and path is well understood I go over this because without knowing the stages it is hard to figure out where in the continuum you might be and it is hard to recognize some of the issues

that relate to each stage I walk you through each stage highlighting the issues that are characteristic of each Next I delve into the Deep Stuff This ties what we learned early in life to what is happening in our relationships This section covers Basic Assumptions and Transference Don't worry I define and give plenty of examples of each You need this to get to the bottom of communication problems especially in long term liasons One specific version of this is what I call Negative Loops This is when one partner does something negative to the other who in return does something back Only what the second partner does in return is the very thing that made the first partner upset in the first place This unconsciously escalates with very bad consequences if each partner is not aware of the deep stuff I give eight categories of Negative Loops which covers ninety percent of the relationship cases I've seen in the office How do we escape such traps The next section covers Structured Communication This is a NEW concept This is my technique that all by itself fixes about forty percent of the problem dynamics It's about communicating in a way that reduces tensions and increases insights There's the basic version and the enriched version which happens when we get good Both involve just a couple of steps that most partners do not currently utilize I outline the process and give examples The enriched part builds upon the success of the basic part This ties the whole process together and helps partners move beyond Loops Once you are communicating effectively and the air is cleared the stage is set for the next section This is where I introduce another set of ideas some attitudinal some philosophical These are NEW concepts This section clears up another forty percent of problems In this section I talk about the 51-49 Rule The Four To One Rule Ego States The Seven Deadly Words or Phrases and The Anatomy of Guilt And don't forget the Nine o'clock Rule Lastly I talk about why this ebook will work for you but also when to seek a competent relationship therapist This ebook is not written for folks who are just starting to date unless there is communication problems from the start While we need to know this stuff even at the beginning of a relationship most people do not care because the beginnings of relationships are novel fun exciting and so on In truth if we know about what is coming in relationships the beginnings of relationships would be even better but this is a hard sell for most folks So I don't try This ebook is for folks who have a relationship that is going off track It does not matter what race religion income level sexual orientation or other aspects we bring to our relationships We don't have to be married just in relationships that are not doing well I wrote this because people in my psychology practice wanted a manuscript to help them in therapy I also wrote this for people not in therapy who want a stand alone ebook that walks them through what I do in the office I've found that this self help material works very well Again if a therapist is needed I tell you when to make the call This latest ebook is 44 pages and is the probably the most relevant one I've written to date with the possible exceptions of the ebooks on Self Esteem Assertiveness and most recently Forgiveness Clients are very enthusiastic about this ebook probably because everyone can use some work on relationships Like my other publications this ebook has no fat Think of it as a Cliffs Notes publication It's sort of a quick read about two hours for the first reading because I have to explain some stuff using terms you probably haven't heard before But it's all laid out in everyday

language just like what you re reading now Nobody has published what I present as the glue that makes these concepts work I think this is why my ebook does a better job It s process as well as content driven The theory I espouse is different from standard relationships literature in this field It works better I know because I ve been using it with clients for years I ve put together a hard hitting direct How To manual My research has not turned up another ebook that does what mine does

Chuck & Easy Ron Roe,2018-07-28 I think you would have had to know these brothers and maybe even be with them some time in order to write this story To understand some of the feelings they had you would have had to really know their character The deep feelings they had made them end up where they did Some of this story is written from true events and other parts are things that I think could have happened If one little thing had not happened in the life of these two brothers maybe their life would have turned out differently Its sad really the things that could have been I know that we will never know now what could have been then if things would have happened slightly different for two young men and their beloved fishing hole *System* ,1922 *The Hotel World* ,1921 **Motor Age** ,1923 *The Ohio State Phoenix* ,1923 **Long Lines** ,1921 *Journal of the Outdoor Life* ,1922 *Journal* ,1926 *Unifruitco* ,1930 **On the Arrangement, Care, and Operation of Wood-working Factories and Machinery** John Richards,1873 **Writer's Monthly** ,1922 *Hebrew Union College Monthly* ,1927 **Earth Mover and Road Builder ...** ,1922 *Parliamentary Papers* Great Britain. Parliament. House of Commons,1907 **Good Hardware** ,1925 **Adventure** ,1921 *In the Prison Camps of Germany* Conrad Hoffman,1920
