Baby Mother:

I Am Not Your Baby Mother Candice Brathwaite, 2020-05-28 THE SUNDAY TIMES BESTSELLER May 2020 Really good accessible sometimes shocking honest and feels written from the heart Bernardine Evaristo I gobbled it in one weekend and encourage everyone mother or otherwise to do the same Pandora Sykes Remarkable Lorraine Kelly Searing Dolly Alderton I absolutely loved I Am Not Your Baby Mother Giovanna Fletcher Brilliant Sophie Ellis Bextor An essential exploration of the realities of black motherhood in the UK Observer Urgent part memoir part manifesto about black motherhood Red An original and much needed guide to navigating black motherhood Cosmopolitan The woman bringing a fresh perspective to the mumfluencer world Grazia Every mother everywhere should read this book OK Magazine _____

It s about time we made motherhood more diverse When Candice fell pregnant and stepped into the motherhood playing field she found her experience bore little resemblance to the glossy magazine photos of women in horizontal stripe tops and the pinned discussions on mumsnet about what pushchair to buy Leafing through the piles of prenatal paraphernalia she found herself wondering Where are all the black mothers Candice started blogging about motherhood in 2016 after making the simple but powerful observation that the way motherhood is portrayed in the British media is wholly unrepresentative of our society at large The result is this thought provoking urgent and inspirational guide to life as a black mother It explores the various stages in between pregnancy and waving your child off at the gates of primary school while facing hurdles such as white privilege racial micro aggression and unconscious bias at every point Candice does so with her trademark sense of humour and refreshing straight talking and the result is a call to arms that will allow mums like her to take control scrapping the parenting rulebook to mother their own way *Baby - Mother Natural Healthcare - Natural Diet, Healthcare, and Information for Having a Healthy Baby* Dweep Jyot Singh, John Davidson, 2016-10-01 Table of Contents Introduction Natural Nursing Infant Formula The First Poison You Are Feeding Your Baby The Importance of Natural Milk Lactating Mother s Diet Colostrum Conclusion Prenatal Influence Author Bio Publisher Introduction A healthy happy family unit is one of the most blessed things in society today This book is the beginning of the series which is going to tell you all about how you can keep yourself healthy naturally and also have a healthy child I do not care where you are from your race denomination creed religion or caste If you belong to the universal sisterhood of mothers have had children and or have intentions of having children this book and other books in the series are for you These books are going to cover the psychological aspect of motherhood with beliefs conventions traditions and also how children have managed to survive naturally even though ignorance in the ancient times and too much knowledge in the 21st century making their existence full of jeopardy You might find some terms here which in many parts of the world are not spoken in public because of innate modesty and upbringing You may also be told about some activities which are thoroughly natural but because of conventions or because of brainwashing have been either made taboo or things not to be discussed in general public thanks to inhibitions We are not

living in Victorian times when maidens were told even up to the age of 20 and if they were unmarried that children were found under the Cabbage Patch This is of course the height of absurdity foolishness and repression which was the reason why so many Victorian women could not bear the marriage bed because their mothers had told them that it was either sinful to enjoy this part of the marital bond or through sheer ignorance and disgust in an activity which it is supposed to be crude they did not allow themselves to take part in the physical aspect of a marriage And that is the reason why their menfolk had mistresses who were more practical common earthy and enjoyed what the missus called bed sport in a prim and prudish fashion These women thus definitely did not have any emotional attachment to their children and once the child was born it was given in the hands of nurses and wet nurses to be brought up far away from the sight of the mother
