Steve and Me Duwayne Brooks OBE,2006-09 The Stephen Lawrence tragedy the night that changed race relations in Britain forever is well known Duwayne Brooks was Stephen's best friend and this is his story It is one of friendship of courage a story of what really happened on the night of 22 April 1993 It is also a warm and in places heartbreaking account of someone who found themselves in circumstances too appalling to contemplate As Duwayne's own story the book also focuses on the way he himself was treated both by his lawyer and the police and sheds light on the manner in which the whole ordeal has been handled

**Researching the contemporary city** Peter Kellett,Jaime Hernández García,2013-11-12 The city is perhaps the most complex of all human constructs In the 21st century when cities are bigger than ever and the majority of the world's population now live in urban areas the need for research into this complexity to address the large scale challenges of urban life has never been greater This collection of research studies from different parts of the world brings together case studies underpinned by theory to contribute to the urgent search to make our cities more just more livable more accessible more participatory and more democratic in short more humane places to live and work These crosscutting themes of social inclusion spatial integration and poverty alleviation are the ever present motifs and motivations throughout this volume The eleven chapters are grouped into four interrelated sections the creation and representation of the urban the production and transformation of the informal the construction and appropriation of public spaces and finally the transformation use and meaning of home Collectively the essays engage with the city at a range of scales but underpinning all of them is a concern for the everyday realities of ordinary people's lives These detailed and finegrain analyses of complex processes are a modest contribution towards the creation of cities which are not simply more economically viable and environmentally sustainable
