Background Of The Gospels:

The Four Gospels William S. Stobb, 2015-06-18 The Four Gospels have been read and studied for nearly 2 000 years As early as the second century Irenaeus Church father and martyr declared that four accounts of the life of Christ were needed no more and no less Yet many Christians in spite of the numerous and excellent commentaries available today cannot answer the question Why four Gospels This in depth volume which took 20 years to research and 10 years to write clearly reveals the necessity of a four fold portrait of Christ Selected excerpts from some of the most celebrated writers of the past such as A Edersheim Chas Erdman F W Farrar Edw Gibbon F L Godet D S Gregory F W Krummacher H H Milman G Campbell Morgan Arthur Pink Sir Wm Ramsay Chas Rollin R C Trench B F Westcott and scores of others are incorporated throughout the book in order to explain and substantiate the historical background and characteristic differences of the Four Gospels This work is an excellent reference for teachers students and historians but is designed for Christians in all walks of life A homeschooling mother stated that the work is quite readable even by a pressured mom and very worthwhile I especially like the organization of the book which helped me keep my bearings The history is fascinating and helpful

Background of the Gospels
William Fairweather, 1977-09-01 Originally published by T T Clark in 1920 [The Gospels and Christian Life in History and Practice](#) Richard Valantasis, Douglas K. Bley, Dennis C. Haugh, 2009-06-15 The Gospels And Christian Life reads the four canonical Gospels as handbooks for religious formation through communal practices The book focuses on the communities that produced each gospel the dynamic energy each gospel displays for creating and sustaining community life the different interpretations of the person of Jesus and the different systems of organization and leadership each gospel promulgated The authors carefully describe the social context of each Gospel and delineate the practices the texts prescribe Each gospel has an imaginative portal an introductory chapter introducing the necessary background for understanding the social intellectual and religious setting for each gospel Their reading of each Gospel builds on these foundations to illustrate the nature and scope of the community s practices Their work starts from the assumption that the communities did not look to the Gospels for biographical data on the life of Jesus to offer the reader a powerful reading of each Gospel community its unique practices and the way people were trained to become members of it This book is aimed at undergraduate and graduate teachers and students pastors and the general audience eager for new ways to understand the New Testament

The Background of the Gospels William Fairweather, 1908 **The Four Gospels** Burnett Hillman Streeter, 2008-02-01 *Jesus in Context* Darrell L. Bock, Gregory J. Herrick, 2005-09 Gathers key extra biblical writings that provide the necessary background for Gospel passages in one handy volume *The Gospel History and Its Transmission* F. Crawford Burkitt, 2001-09-14 Excerpt from The Gospel History and Its Transmission The more we investigate the early history of the Christian Church with open and unprejudiced eyes the more we find ourselves in a strange world dominated by fixed ideas that are not our fixed ideas and permeated by an intellectual atmosphere quite different from ours We come to ourselves and we rub our eyes and wonder if

what we have been gazing upon ever had any reality It was for the student in this state of mind that my book was written What I have attempted to shew is that at least the Gospel according to 5 Mark is in touch with the actual condition of Palestine in the times of the Herods and further that the course of events in the second century enables us to understand some of the reasons which led the Church to cherish on the whole a historical as distinct from an ideal account of the foundation of Christianity About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

The Gospel History and Its Transmission Francis Crawford Burkitt,1906 *The Background of the Gospels* William Fairweather,1951 *The Economic Background of the Gospels* Frederick Clifton Grant,1926 *Jesus of Nazareth* Gerald L. Borchert,2011 Jesus of Nazareth is a comprehensive introduction to Jesus and the gospels for college and seminary students It begins with discussions on communication and patterns of reading the Bible before detailing the historical setting the geographical social and religious contexts during the time of Jesus such as the language and community aspects and the rabbinic literary and institutional settings that were present Next Borchert discusses the nature of the gospels before each gospel witness is treated individually to identify the particular uniqueness of the portrait of Jesus that is being presented by each author The non canonical portraits of Jesus are also introduced in order to help readers understand the struggles which emerged in the early church Finally the significance of Jesus who is the focus of the gospels is presented After reviewing the time issues for Jesus theological concerns related to Jesus are considered such as the virginal conception and the incarnation the issues of temptation and sin the relationship of Jesus to God and the messianic consciousness of Jesus the crucial issues of the death and resurrection of the Messiah and the Church s expectation of the return of Jesus in power This important theological section concludes with discussions on the integrity of our understanding of Jesus and the very sensitive nature of proof as compared to the nature of belief Borchert weighs these matters fairly bearing in mind his own presuppositions He closes the work with suggested implications of this study in terms of doubt and rejection on the one hand and worship as well as living and witnessing to and for Jesus on the other Written with clarity and erudition this accessible introduction reflects a life time of both classroom and church experience in the teaching the Gospels

The Gospels Frederick Clifton Grant,1957 Four Portraits of Jesus Elizabeth E. Platt,2004 *The Gospel History of Our Lord Made Visible* George Edward Croscup,1912 JESUS - THE GREATEST LIFE IN HISTORY JONATHAN. COUPER,2018 **The Earliest Gospels** Charles Horton,2010-06-15 Horton brings together the latest research on the origins of the gospels and their transmission and provides the only guide to the Chester Beatty

The Audience of the Gospels Edward W. Klink III, 2019-06-27 The discussion initiated by *The Gospels for All Christians Rethinking the Gospel Audiences* edited by Richard Bauckham has had a profound effect on gospel study and has been probed and debated at major conferences as well as at an international conference on the Gospel of John 2002 Almost every commentary or major monograph on the gospels has had to deal with its thesis In light of this ongoing debate stretching nearly a decade it seems that a further volume is sorely needed Even more there is now a pressing need for further definition and clarification of the concepts and ideas that were originally presented as well as a more precise dialogue over these hotly debated issues in gospel interpretation with scholars who have been participating in the discussion since its inception This multi contributor volume will press forward an important discussion centered upon the audience of the gospels continuing further the quest for understanding the origin and function of the gospels in early Christianity

A Harmony of the Gospels for Historical Study William Arnold Stevens, Ernest DeWitt Burton, 1902

Ancient Christian Gospels Helmut Koester, 1990-01-01 In this magisterial volume destined to become the standard text for studying the tradition and history of early Christian gospel literature the author studies the earliest discernible elements of gospel material through the canonical Gospels to the harmonization attempts of the second century that culminated in Tatian's Diatessaron
