Cordry,2015-08-31 All cultures have proverbs that capsulize subjects simply and effectively Many of these are cross cultural For example according to a Danish proverb The greater the fear the nearer the danger while a Latin proverb says The less there is of fear the less there is danger This work includes over 20 000 proverbs from more than 120 languages nationalities and ethnic groups The proverbs are arranged under 1 300 headings e g accidents divided loyalty marriage prosperity shame and each includes the nationality group or language in which it originated Comprehensive keyword and subject indexes allow access to the material in multiple ways *Early American Proverbs and Proverbial Phrases* Bartlett Jere Whiting,1977 p B J Whiting savors proverbial expressions and has devoted much of his lifetime to studying and collecting them no one knows more about British and American proverbs than he The present volume based upon writings in British North America from the earliest settlements to approximately 1820 complements his and Archer Taylor s Dictionary of American Proverbs and Proverbial Phrases 1820 1880 It differs from that work and from other standard collections however in that its sources are primarily not literary but instead workaday writings letters diaries

histories travel books political pamphlets and the like The authors represent a wide cross section of the populace from scholars and statesmen to farmers shopkeepers sailors and hunters Mr Whiting has combed all the obvious sources and hundreds of out of the way publications of local journals and historical societies This body of material because it covers territory that has not been extracted and compiled in a scholarly way before can justly be said to be the most valuable of all those that Whiting has brought together according to Albert B Friedman What makes the work important is Whiting s authority a proverb or proverbial phrase is what BJW thinks is a proverb or proverbial phrase There is no objective operative definition of any value no divining rod his tact feel experience determine what s the real thing and what is spurious
