Kavanaugh, John F.

Christ And Consumerism:

Christ and Consumerism Thorsten Moritz, Craig G. Bartholomew, 2000 Consumerism is not merely a way of life it is increasingly recognized as a framework through which people find their identity and sense of belonging in society Christians are called to be salt and light in society If we are to take this command seriously and be zealous for the reputation of God's character in our day we must test the spirit of the age and analyze the forces and ideologies that shape our culture If we don't there is a danger that we will become so accustomed to our consumerist culture that it rather than the convictions at the heart of what God has called us to be will shape our lives Issues regarding consumerism are considered from biblical ethical sociological and economic viewpoints and suggestions offered about how Christians can positively respond to the prevailing ethic today

Brand Jesus Tyler Wigg Stevenson, 2007-05 American evangelical faith has been corrupted by a series of forces at work in America consumerism the economy and American politics and has become idolatrous Using Paul's letter to the Romans as a starting point Stevenson reads the letter to today's American church With provocative discussions of Christian hypocrisy megachurches the ways in which Christian ideas are distressingly combined with private property and market driven economics the blurring boundaries between law and religion and other topics Stevenson offers an analysis of where the American church finds itself and how that place is quite different from that which Paul wrote of He seeks to answer the question in this age of consumerism and politicization of religion how will the church reject the idolatry of Jesus as brand and embrace Him as He asked to be

Sacred Consumption Peter Munday, 2023-04-04 How does consumerism function as a quasi religion in America and how does the Christian faith interact with the consumerist pseudo faith Answering these questions is the focus of *Sacred Consumption The Religions of Christianity and Consumerism in America* Peter Munday draws on both quantitative and qualitative data to explore how habitually consuming nonessentials is sacred in American culture and how the Christian sacred interacts with such consumption Munday unpacks the history of American consumerism and the creeds of consumerism Christian creeds related to both consuming and financial giving are also discussed illuminating the ways that Christianity can fuel resist and passively ignore consumerism Munday's emphasis throughout is to enumerate the underlying cultural ideology derived from both Christianity and consumerism that partially makes and shapes American consumers

Following Christ in a Consumer Society Kavanaugh, John F., 2014-04-10 In an era of fraud corruption and the relentless celebration of image over substance the message of this perennial best seller is more timely than ever *Following Christ in a Consumer Society* offers a penetrating critique of the culture of consumerism contrasted with the personalism of the Gospel Addressing a soul destroying culture in which having more has become the only measure of value Kavanaugh reminds us of the values that truly make us human Through the counter cultural message of the Gospel his book presents a diagnosis of our social ills while at the same time providing a guide back to wholeness sanity and spiritual health

Consuming Religion Vincent J. Miller, 2005-08-18 Miller surveys almost a century of

scholarly literature on consumerism and the commodification of culture and charts the ways in which religious belief and practice have been transformed by the dominant consumer culture of the West

Shopping for Meaningful Lives Bruce P. Rittenhouse, 2013-03-27 Consumerism is a problem It deforms individual character our sense of obligation to one another and our concern for future generations and the environment Even in the aftermath of the worst economic downturn in seventy years it remains a defining feature of Western cultures But beyond this assessment neither Christian theologians and ethicists nor secular economists and sociologists have understood what drives consumerism or what can be done to counteract it This is the problem that Bruce P Rittenhouse solves in *Shopping for Meaningful Lives* Dr Rittenhouse analyzes economic sociological and psychological evidence to prove that consumers behave differently than the current theories predict Dr Rittenhouse shows that consumerism functions as a religion It provides a means of assurance that an individual life is meaningful Because we need this assurance to live out our everyday lives consumerism takes precedence over whatever other values a person professes unless a person can adopt a different way to secure the meaning of his or her life This interpretation explains how consumers actually behave From the perspective of Christian theology consumerism is a wrong answer to a problem of human existence that should be answered by faith in Christ

Jesus Consumer Michael L. Klassen, 2013-12-10 Some scholars believe that Jesus punitive instructions about possessions and material goods amount to little more than antiquated sayings By contrast *Jesus Consumer* combines modern consumer research with the latest writings on historical Jesus to propose a model for contemporary consumer behavior that pays serious regard to Jesus consumption teachings The author argues that Jesus consumer teachings possess the greatest potential to help us effect positive change in our personal lives and social relationships We need to interpret and enact his teachings symbolically not follow them literally

Buying God Eve Poole, 2018-08-20 Christians are deeply concerned about consumerism but lack the tools to be able to engage robustly in the debate about its future Economists obfuscate politicians polarise and church leaders bluff While desire to consume is a fundamentally human trait consumerism offers only illusory satisfaction Yet Christianity happens to be unusually well equipped to lead the fight against Mammon s most alluring secular narratives Consumerism is human action so it can as easily be redemptive as it can be parasitical We just need to consume for God instead Drawing on the Church s rich traditions of Social Liturgy *Buying God* calls on the Christian community to renew its confidence and strength in proclaiming this good news Uniting theoretical work on theology capitalism and consumerism with a scheme of detailed practical action the book explores how we can wean ourselves off the material and on to the eternal through prayer example and vibrant social action

The Consuming Passion Rodney Clapp, 1998 Editor Rodney Clapp and a team of thinkers from the fields of economics theology psychology and sociology examine the dynamics of our consumer culture and discuss how people of faith might best respond

Rescuing the Church from Consumerism Mark Clavier, 2013-08-01 *Rescuing the Church* examines how people are initiated into a consumer culture during childhood and thus drawn into pursuing a vocation

as consumers by means of various quasi sacramental rites and practices The upshot of this is that the church today is composed primarily of men and women whose lives are situated more within a consumer culture than within a distinctively Christian one In order for the church to free itself the author believes it must reclaim a sacramental identity that is grounded in a narrative tradition and realized in real local worshipping communities Following Christ in a Consumer Society John F. Kavanaugh, 1991 This readable and challenging book offers ways to resist extremes of consumerism and cultural alienation while sustaining belief in a Christian life of sacrament prayer and action **Evangelical Christians and Popular Culture** Robert H. Woods Jr., 2013-01-09 This three volume collection demonstrates the depth and breadth of evangelical Christians consumption critique and creation of popular culture and how evangelical Christians are both influenced by and influence mainstream popular culture covering comic books to movies to social media Evangelical Christians and Popular Culture Pop Goes the Gospel addresses the full spectrum of evangelical media and popular culture offerings even delving into lesser known forms of evangelical popular culture such as comic books video games and theme parks The chapters in this 3 volume work are written by over 50 authors who specialize in fields as diverse as history theology music psychology journalism film and television studies advertising and public relations Volume 1 examines film radio and television and the Internet Volume 2 covers literature music popular art and merchandise and Volume 3 discusses public figures popular press places and events The work is intended for a scholarly audience but presents material in a student friendly accessible manner Evangelical insiders will receive a fresh look at the wide variety of evangelical popular culture offerings many of which will be unknown while non evangelical readers will benefit from a comprehensive introduction to the subject matter Christmas Unwrapped Richard A. Horsley, James Tracy, 2001-08 Fascinating critique of the American Christmas from the perspectives of cultural studies theology biblical studies **The Christian Consumer** Laura M. Hartman, 2011-11-29 Consumption the flow of physical materials in human lives is an important ethical issue Out consumption choices affect the well being of humans around the globe in addition to impacting the natural world and consumers themselves In this book Laura Hartman seeks to formulate a coherent Christian ethic of consumption Christ and consumerism : critical reflections on the spirit of our age Craig ; Moritz Bartholomew (Thorsten, eds), 2000 **The Divine Commodity** Skye Jethani, 2009 The human imagination is the key battleground in the conflict between the kingdom of God and the consumer culture Drawing from the vivid imaginations of Impressionist painters particularly Vincent van Gogh each chapter of The Divine Commodity uses personal narrative biblical exposition and cultural observation to show how consumerism has shaped our faith and then challenges the reader to use their sanctified imagination to envision an alternative way of expressing the Christian life in our **Feasting in a Famine of the Word** Mark W. Birkholz, Jacob Corzine, Jonathan Mumme, 2016-02-16 The Lord warns of a famine of hearing the word of the Lord Amos 8 11 Has this warning come to pass in our day There is no shortage of preachers but how often do they miss the mark in actually delivering

the word of God to their hearers leaving them hungry The authors of these essays seek to equip preachers with resources to offer their hearers a rich feast from the word of the Lord Writing from a Lutheran perspective contributors from across the globe provide a fresh approach to preaching These authors represent seasoned pastors and professors as well as young scholars All are actively preaching and teaching God's word on a regular basis This book covers a wide range of topics relating to preaching from the scriptural background and hermeneutical issues to historical examples of notable preachers and also practical guides to crafting and delivering a sermon These essays will assist preachers in proclaiming God's word in a manner that provides a feast for those living in a famine stricken world

Christians in a Consumer Culture John Benton, 1999 The second book in the series following on from the bestselling *Rainforest Adventures* Children are fascinated with the natural world around them and with facts and information about animals that they have never seen However often good nature programmes on T V or articles in magazines centre on evolution and completely ignore the Creator Each story has a Bible verse and lesson for the reader to take away Written by someone who spent his life in the Rainforest this book has the added benefit of being written by someone who has been there lived there and experienced the culture not just someone who has read the encyclopaedias
