## **Amazing Coincidence:**

The Call of Coincidence Owen O'Shea, 2023-06-15 Strange happenstances and chance encounters have puzzled us for centuries This fun and fascinating book takes readers on a journey through the mathematics behind coincidences both famous and never before examined From peculiar patterns in geometry and calculus to the famous Waring Problem and other astonishing numerical curiosities The Call of Coincidence begins by examining the mathematical properties that underpin everything there is Next author Owen O Shea along with fictional guides Charlie Chance and the enigmatic Dr Moogles reveals surprising connections and correlations throughout history including numerical coincidences behind the reign of King Richard III the sinking of the SS Edmund Fitzgerald the 1996 FIFA World Cup and much much more By investigating the properties puzzles and problems within you will gain a newfound appreciation for the beautiful simplicity of mathematics in its many forms Featuring surprising trivia gems alongside serious questions like why there is something rather than nothing readers will be enriched by this exploration of remarkable number coincidences and the mathematics that make them possible and probable

**Parapsychology** Caroline Watt, 2017-07-05 Many people believe that they have experienced paranormal phenomena and others claim to possess psychic abilities For the past hundred years or so researchers have undertaken systematic and scientific work into these alleged experiences and abilities This collection of articles provides readers with a general sense of the methods used in this research the findings that have been obtained and the controversies generated by this work They cover a wide range of issues including the psychology of paranormal belief investigations into ghosts and hauntings laboratory research into extra sensory perception and psychokinesis and controlled tests of psychics and mediums An introductory essay sets each of the selected papers in context and provides additional references for those wishing to delve deeper into the issues surrounding each of the areas covered

**The Philosophical, Scientific, and Historical Evidence for God** David Scott Nichols M.D., 2021-12-28 The Evidence for God For approximately one hundred years most secular scientists and the majority of the intelligentsia in the world have preached that God does not exist Darwin's book The Origin of the Species published in 1859 was the primary impetus for this change in our world's viewpoint away from God Today many leaders in academia look at Christians and others who believe in God as bereft of intelligence At the onset of the 20th century there was very little scientific evidence to suggest that God was the Creator of the Universe However since 1917 amazing evidence has been discovered in the fields of cosmology and biology that a significant number of secular scientists admit points to an incredible Creative Force most call this Force God The Philosophical Scientific and Historical Evidence for God presents this evidence in a detailed yet understandable manner This book Dr Nichols eleventh on theology provides well researched information showing the ever increasing evidence for an omnipotent Creator He considers it to be the magnum opus of his writing career The significance of the Big Bang theory and the many weaknesses now recognized in the theory of evolution will be thoroughly reviewed Philosophical and historical evidence for God will also be

presented Dr Nichols is convinced that an open minded reader will come away with the realization that God does indeed exist and that He is the God of the Holy Bible *The Year's Best Science Fiction: Second Annual Collection* Gardner
