Alexander's Amazon Adventures Paul Gopal,2021-09-22 This book was inspired by my six year old son Alexander He likes the stories very much and thinks that other children will too As a result I decided to write this book so that it could be enjoyed by children around the world Information about the wildlife is factual and the stories are based on the Author s experiences growing up as a boy in Guyana in the nineteen fifties A lot of the wildlife in the book are becoming extinct and I encourage children to talk to their parents and do whatever they can to preserve our environment for future generations This book is both entertaining and educational and I hope that your children enjoy it as much as Alexander
