America Afire Jefferson Adams And The First Contested Election:

America Afire Bernard A. Weisberger,2011-07-19 America Afire is the powerful story of the election of 1800 arguably the most important election in America s history and certainly one of the most hotly disputed Former allies Adams and Jefferson president versus vice president Federalist versus Republican squared off in a vicious contest that resulted in broken friendships scandals riots slander and jailings in the fourth presidential election under the Constitution **America Afire** Bernard A. Weisberger,2000-09-19 Bernard Weisberger has once again brought the past to life If you want to experience the crossfire of intellectual and political ferment at the dawn of our Republic open these pages and start ducking Bill Moyers America Afire is the powerful story of the election of 1800 arguably the most important election in America s history and certainly one of the most hotly disputed American self government was still an endangered experiment seventeen years after the War of Independence had been won As 1800 dawned the sacrifices and fraternity of the spirit of 76 had vanished replaced by bitter and angry rivalries Former allies Adams and Jefferson president and vice president now Federalist versus Republican squared off in a vicious contest to win the fourth presidential election under the Constitution The Constitution was still new and untried The young republic lacked a cohesive national identity the strength to confront aggressive foreign powers in a world racked by war and revolution and a stable system for working out political differences electorally Political parties were new unforeseen and unwelcome creations Small wonder that no one was prepared for the partisan warfare that threatened to rage out of control Or for the broken friendships scandals riots slanders beatings and jailings elements of a crucial and perilous election that sparked a constitutional crisis and threats of civil war Ultimately the surprise is not that problems arose but that the United States emerged from them a stronger nation For when Adams stepped down from the presidency peacefully in 1801 it was the first time in modern history that a leader had voluntarily turned over power to his political enemy This was truly a revolution and a triumph for democracy made in America Scrupulously researched and eminently readable America Afire tells the tale of a watershed event in American history and lends a valuable new perspective on the early years of the United States as well as the genesis and nature of our political system **The Early Republic and Antebellum America** Christopher G. Bates,2015-04-08 First Published in 2015 Routledge is an imprint of Taylor Francis an Informa company **Before the Burr Conspiracy** Arthur Scherr,2025-02-24 Most people know nothing about Aaron Burr or disparage him as a traitor obsessed with personal gain In his own time Burr was an influential and popular politician Burr s ability to attract support from the masses and diverse political factions led to political success His Federalist opponents found him personally charming and charismatic capable of pragmatic bipartisan compromises Although Burr killed Hamilton in a duel mid level politicians believed he could govern in the public interest Burr s political rivals especially the Virginian leader James Monroe resented him and sought to exclude him from politics An astute effective politician Burr almost became president in the disputed election of 1800 1801 In 1807 Burr s treason trial on unproven

charges ended his political career and permanently stained his reputation But many contemporaries viewed him favorably and even admired him Arthur Scherr s succinct illuminating study recaptures this forgotten image of Aaron Burr in brilliant prose **The American Revolution and the Young Republic** Britannica Educational Publishing,2011-11-01 Struggling against unjust taxation and British intervention in colonial affairs the colonies that would come to be part of the United States of America were ripe for revolution in the late eighteenth century Led by impassioned individuals Americans waged a series of protests against the British that eventually led to the Revolutionary War and effectively culminated with the War of 1812 In this compelling volume readers are introduced to the architects of American independence and their most ardent arguments against British rule the events of the American Revolution and the documents that helped shape a country

Jefferson's Treasure Gregory May,2018-08-07 George Washington had Alexander Hamilton Thomas Jefferson had Albert Gallatin From internationally known tax expert and former Supreme Court law clerk Gregory May comes this long overdue biography of the remarkable immigrant who launched the fiscal policies that shaped the early Republic and the future of American politics Not Alexander Hamilton Albert Gallatin To this day the fight over fiscal policy lies at the center of American politics Jefferson s champion in that fight was Albert Gallatin a Swiss immigrant who served as Treasury Secretary for twelve years because he was the only man in Jefferson s party who understood finance well enough to reform Alexander Hamilton s system A look at Gallatin s work repealing internal taxes restraining government spending and repaying public debt puts our current federal fiscal problems in perspective The Jefferson Administration s enduring achievement was to contain the federal government by restraining its fiscal power This was Gallatin s work It set the pattern for federal finance until the Civil War and it created a culture of fiscal responsibility that survived well into the twentieth century *Moderates* David S. Brown,2016-10-25 The fierce polarization of contemporary politics has encouraged Americans to read back into their nation s past a perpetual ideological struggle between liberals and conservatives However in this timely book David S Brown advances an original interpretation that stresses the critical role of moderate statesmen ideas and alliances in making our political system work Beginning with John Adams and including such key figures as Abraham Lincoln Theodore Roosevelt Henry Cabot Lodge Jr and Bill Clinton Brown charts the vital if uneven progress of centrism through the centuries Moderate opposition to both New England and southern secessionists during the early republic and later resistance to industrial oligarchy and the modern Sunbelt right are part of this persuasion s far reaching legacy Time and again moderates operating under a broad canopy of coalitions have come together to reshape the nation s electoral landscape Today s bitter partisanship encourages us to deny that such a moderate tradition is part of our historical development one dating back to the Constitutional Convention Brown offers a less polemical and far more compelling assessment of our politics **Don't Know Much About® the American Presidents** Kenneth C. Davis,2012-09-18 From a New York Times bestselling author a captivating and unique overview of the first 44 presidents of the United States from George Washington to Barack Obama

Using his entertaining question and answer style to chart the history of the presidency itself as well as debunk the myths of America's Here's the young Lincoln building his mother's coffin and dragging a tragic burden through the snow to the burial Theodore Roosevelt America's youngest president shockingly pushed into the presidency with greatness thrust upon him FDR the only man elected four times concealing his crippling disability from the American public as he led the nation through depression and world war and Lyndon Johnson reelected in a landslide then crushed by the weight of the Vietnam War For history buffs and history phobes alike this book is packed with memorable facts that will change your understanding of the highest office in the land and the men who have occupied it *To Secure the Liberty of the People* Eric T. Adams vs. Jefferson John Ferling, 2004-09-03 It was a contest of titans John Adams and Thomas Jefferson two heroes of the Revolutionary era once intimate friends now icy antagonists locked in a fierce battle for the future of the United States The election of 1800 was a thunderous clash of a campaign that climaxed in a deadlock in the Electoral College and led to a crisis in which the young republic teetered on the edge of collapse Adams vs Jefferson is the gripping account of a turning point in American history a dramatic struggle between two parties with profoundly different visions of how the nation should be governed The Federalists led by Adams were conservatives who favored a strong central government The Republicans led by Jefferson were more egalitarian and believed that the Federalists had betrayed the Revolution of 1776 and were backsliding toward monarchy The campaign itself was a barroom brawl every bit as ruthless as any modern contest with mud slinging scare tactics and backstabbing The low point came when Alexander Hamilton printed a devastating attack on Adams the head of his own party in fifty four pages of unremitting vilification The stalemate in the Electoral College dragged on through dozens of ballots Tensions ran so high that the Republicans threatened civil war if the Federalists denied Jefferson the presidency Finally a secret deal that changed a single vote gave Jefferson the White House A devastated Adams left Washington before dawn on Inauguration Day too embittered even to shake his rival's hand With magisterial command Ferling brings to life both the outsize personalities and the hotly contested political questions at stake He shows not just why this moment was a milestone in U S history but how strongly the issues and the passions of 1800 resonate with our own time *Program of the ... Annual Meeting* American Historical Association. Meeting, 2002 1798 Thomas Bartlett, 2003 This book collects the proceedings of a conference held jointly in Belfast and Dublin to commemorate the 200th anniversary of the Rebellion of 1798 It covers all aspects of the 1798 Rebellion its manifestations in Ireland and its

international context There will be essays on the United Irishmen abroad in Australia and the United States following the failure of the Rebellion This volume features the work of leading historians of the period and is intended to open as many windows as possible on the causes contexts circumstances and consequences of the Irish Rebellion of 1798 *Subject Guide to Books in Print*, 2001 *Duell ums Weisse Haus* Ronald D.
