Confronting The Experts:

Confronting the Experts Brian Martin, 1996-01-01 Confronting the Experts brings together six personal case histories of challenges to establishment experts The authors tell why they questioned conventional wisdom what methods they used how they dealt with the experts response and what lessons they learned Because the book shows how powerful groups can get their way by gaining the support of intellectual authorities and also how these authorities can be challenged it provides insights into the issues of power dissent and social change Included are Sharon Beder s research on sewage and how it helped to undermine the credibility of the Sydney Water Board Mark Diesendorf s scientific and social critique of fluoridation Edward Herman s exposition of the flaws in the establishment perspective on terrorism Harold Hillman s questioning of the validity of standard methods used in biology such as subcellular fractionation and electron microscopy Michael Mallory and Gordon Moran s challenge to the orthodox interpretation of a famous painting in Siena Italy and Dhirendra Sharma s confrontation with India s nuclear establishment

Citizens, Experts, and the Environment Frank Fischer, 2000-12-19 Claims that the problematic communication gap between experts and ordinary citizens is best remedied by a renewal of local citizen participation in deliberative structures

Preparing and Presenting Expert Testimony in Child Abuse Litigation Paul Stern, 1997-01-16 The testimony of expert witnesses to inform courtroom decisions is critical if intelligent and just verdicts are to be reached Few judges jurors or lay witnesses possess the necessary knowledge to adequately understand the complexities of human behaviour as they relate to acts of interpersonal violence While lay witnesses can testify to actual incidents or observations it is the expert witness who can provide forensic significance to such evidence This volume clearly defines the need for and role of expert witnesses in litigation The author demystifies the process and provides practical guidance on preparing and presenting expert testimony In so doing he will assist courts to more accurately assess and weigh evidence

Ziskin's Coping with Psychiatric and Psychological Testimony David Faust, 2012-01-12 This highly effective guide is designed to help attorneys differentiate expert testimony that is scientifically well established from authoritative pronouncements that are mainly speculative Building on the foundation of Jay Ziskin s classic work this updated text blends the best of previous editions with discussion of positive scientific advances in the field to provide practical guidance for experts and lawyers alike Major contributors in the field summarize the state of the literature in numerous key areas of the behavioral sciences and law Working from these foundations the text provides extensive guidance tips and strategies for improving the quality of legal evaluations and testimony appraising the trustworthiness of experts opinions and as follows bolstering or challenging conclusions in a compelling manner Distinctive features of this text include detailed coverage of admissibility and Daubert challenges with unique chapters written by an eminently qualified judge and attorney hundreds of helpful suggestions covering such topics as forensic evaluations discovery and the conduct of depositions and cross examinations and two chapters on the use of visuals to enhance communication and persuasiveness including a unique

chapter with over 125 model visuals for cases in psychology and law More than ever the sixth edition is an invaluable teaching tool and resource making it a must have for mental health professionals and attorneys *Patent Litigation* Massimo Sterpi,Thierry J. Calame,2011 The Conflict of Laws is now a well established textbook on this complicated and fast moving area of law The text explains the fundamental principles of the subject but also allows the reader to stand back from the rules dealing with specific topics and to consider some issues which concern the working of the conflict of laws as a whole in particular the theoretical basis and methodology thus making it an ideal textbook for students on both academic and professional courses **Records & Briefs** , Exploring Expertise James Fleck,Wendy Faulkner,Robin Williams,2016-07-27 The growing social and economic significance of expertise is reflected in popular suggestions that we are moving into a post industrial knowledge society The subject of expertise is becoming recognised in a range of scholarly disciplines ranging from science and technology psychology computing and artificial intelligence through to management and organisational behaviour Exploring Expertise brings together some of these diverse understandings of the character and implications of expertise and demonstrates through a set of empirical case studies how expertise means different things to different groups how it is constructed differently in different settings and the consequences of this process for relations between members of the knowledge society and those on the outside The book includes case study material ranging from a hospital ward to a factory to a nuclear weapons facility *The Oxford Handbook of Criminal Process* Darryl K. Brown, Jenia Iontcheva Turner,Bettina Weisser,2019-02-22 The Oxford Handbook of Criminal Process surveys the topics and issues in the field of criminal process including the laws institutions and practices of the criminal justice administration The process begins with arrests or with crime investigation such as searches for evidence It continues through trial or some alternative form of adjudication such as plea bargaining that may lead to conviction and punishment and it includes post conviction events such as appeals and various procedures for addressing miscarriages of justice Across more than 40 chapters this Handbook provides a descriptive overview of the subject sufficient to serve as a durable reference source and more importantly to offer contemporary critical or analytical perspectives on those subjects by leading scholars in the field Topics covered include history procedure investigation prosecution evidence adjudication and appeal **Shannon V.
