arguments and conclusions and spot holes in them Evaluate evidence and produce more effective arguments in any situation Read between the lines of what people say and form your own judgments Apply critical thinking to school or college assignments to improve your academic performance This is the perfect Dummies title for students researchers and everyone who seeks to improve their reasoning and analysis ability

Once Upon an If Peter Worley,2014-02-28 If you want to tell more stories in the classroom but lack the confidence to do so If you need guidance finding stories that are good to get children thinking If you like using stories in your teaching but want to get more from them than the moral at the end Once Upon an If is the book for you In his brand new book award winning author Peter Worley provides a comprehensive guide to everything a would be storyteller needs including how to bring a story to life tips on how to memorise a story and improvise descriptions and techniques for using tone movement and timing to engage and involve the children in your class Once Upon an If also comprises a treasury of stories new and old written especially to get a young audience thinking actively about the deeper issues that lie behind and within the tales Guidance notes lesson plans and activity questions are included with every story and there is a companion website including extra resources for you to use on your interactive whiteboard Once Upon an If draws on Peter s ten years of experience as a philosophy teacher trainer and storyteller to help any teacher place stories and storytelling where they should be back at the heart of teaching

The Ah-Ha Moment Martin Cohen,2024-09-13 Jokes are intellectual can openers offering surprisingly powerful insights into not only how our minds work but into how the world around us works too Why Well when you think about it a good joke requires demands a very special kind of deep thinking a kind of world upturning no holds barred problem solving It s the same skill that produces the great insights of art and commerce the insight that sees solutions and creates opportunities And yes such skills can be approached through exercises and study but there s no good reason to think such sensible methods work any better than having a sense of humour So why not at least for a moment throw all conventional thinking to the wind and start re examining the world through the very special very beautiful prism of jokes and riddles With wit and irony Martin Cohen explains the basic concepts of philosophy and incidentally introduces the most famous thinkers in history Der Spiegel
