Adventure Programming

Simon Priest,Michael Gass

Adventure Programming:

Effective Leadership in Adventure Programming Simon Priest,Michael Gass,2018-10-30 Some books address outdoor leadership others focus on adventure programming None delve into the specifics of both topics like Effective Leadership in Adventure Programming Third Edition does The first edition of this book helped define the body of knowledge for an emerging profession Two editions later this groundbreaking text now in full color provides adventure leaders with the tools and evidence they need to show that their outdoor programs are effective and have a lasting impact on their participants Internationally renowned authors Simon Priest and Michael Gass have significantly updated the content based on the latest research issues and trends in the field of adventure education and leadership They have reorganized chapters to conform to their new model of building core competencies In addition this third edition includes the following features Material on technology social justice cultural adaptation sustainability and facilitation techniques An online instructor guide that offers activities discussion questions and assessments compiled from a group of acclaimed instructors A digital field handbook that offers quick reference to key models concepts and checklists covered in the text An expanded version of global perspectives valuable for long standing programs as well as those just beginning to enter the field Effective Leadership in Adventure Programming details both the art and science of adventure leadership helping a new generation of outdoor leaders develop their skills The text extends the focus on evidence based models theories and best practices showing that science and research are as important to the profession as the natural beauty of the environment The book describes the core competencies of outdoor leadership providing a framework that helps leaders connect with participants in meaningful ways based on mutual goals The focus on the science side is invaluable to new leaders and less experienced leaders and it is a great refresher for leaders with more experience This new edition offers a more detailed look at diversity and cultural competencies preparing leaders to effectively manage diverse populations of participants In addition the content is in line with the updated accreditation standards from the Association for Experiential Education The opening chapters of Effective Leadership in Adventure Programming supply a solid foundation in the research philosophy ethics and history of outdoor leadership Numerous chapters explore the skills leaders need with topics that include technical activity safety and risk management environment organization instruction and facilitation The authors also examine leadership styles and conditional leadership issues communication sound judgment decision making problem solving and the trends and issues in adventure programming Effective Leadership in Adventure Programming will help readers understand the four adventure program areas recreation education development and therapy and how they influence the delivery of outdoor leadership The book is a valuable resource for the training and education of future outdoor leaders It will help readers know why they should work in the profession and understand how they can make a difference by being an effective outdoor leader **Effective Leadership in Adventure Programming** Simon Priest,Michael A. Gass,2005 Provides a detailed look at the organisational

instructional skills an outdoor adventure leader should develop   **Technical Skills for Adventure Programming** Mark Wagstaff,2009 This curriculum guide will improve your knowledge and technical instruction skills in land water and snow and ice sports and activities It will guide you in becoming a skilled adventure instructor in the classroom and in the field The CD ROM has printable lesson plans for each unit that make it easy to print only what you will need in the field book cover
    Teaching Adventure Education Theory Bob Stremba,2009 Teaching Adventure Education Theory Best Practices offers stimulating fun and engaging activities instructors can use in assisting future adventure educators outdoor leaders and group facilitators in making the connections between adventure theory and practice   Programming Your Own Adventure Games in Pascal Richard C. Vile,1984   *Controversial Issues in Adventure Programming* Bruce Martin,Mark Wagstaff,2012-05-04 Controversial Issues in Adventure Programming offers an engaging approach to the consideration of enduring current and emerging issues in the field Written primarily for upper level undergraduate and graduate students the text presents 20 issues in a debate format challenging students to participate in critical discourse concerning these issues as practitioners in the field of adventure programming Respected authors Bruce Martin and Mark Wagstaff have assembled a team of more than 50 contributors from around the globe to reassess some of the underlying assumptions on which adventure programming is based They have critically examined implications of new developments for emerging practice and discussed how best to position the field of adventure programming in addressing broader societal concerns To set the stage for the debate each issue is prefaced with a general overview including the evolution of the issue and its significance in light of broader social concerns Then contributors present the pros and cons of each issue A debate format helps students develop an understanding of the key points around each issue while also becoming familiar with current research pertinent to these issues This approach also encourages students to grapple with these issues and begin to develop their own informed thoughtful perspectives as they prepare for careers in adventure programming Controversial Issues in Adventure Programming is divided into two parts Part I begins by discussing issues of ongoing concern in the field including the certification debate motorized versus nonmotorized forms of outdoor recreation and program accreditation In part II contemporary and emerging issues are presented such as the use of online educational programming in the field of adventure programming As a reference for practitioners and policy makers Controversial Issues in Adventure Programming offers new and updated perspectives on enduring and emerging issues as well as a synthesis of the most recent related scholarly literature In addition the text serves as a resource in understanding how the adventure programming industry can contribute to addressing issues of broad concern in society such as public health global climate change stewardship of public lands and waterways and education reform Controversial Issues in Adventure Programming encourages readers to participate in some of the central debates occurring in the field In particular this timely resource will help students broaden their understanding of the field as they critically examine and respond to a range of enduring contemporary and emerging

topics in adventure programming **Outdoor Programs for Young Offenders in Detention** Susan Reddrop,1997 Dispels the myth that all outdoor programmes for young offenders must conform to the wilderness trek style Designed to provoke thought and inspire informed action for those interested in designing an outdoor programme for young offenders Offers recommendations for designing and conducting outdoor programmes *Accepted Peer Practices in Adventure Programming* Karl M.
