Acts Of Conscience:

Acts of Conscience Joseph Kip Kosek, 2009-02-04 In response to the massive bloodshed that defined the twentieth century American religious radicals developed a modern form of nonviolent protest one that combined Christian principles with new uses of mass media Greatly influenced by the ideas of Mohandas Gandhi these acts of conscience included sit ins boycotts labor strikes and conscientious objection to war Beginning with World War I and ending with the ascendance of Martin Luther King Jr Joseph Kip Kosek traces the impact of A J Muste Richard Gregg and other radical Christian pacifists on American democratic theory and practice These dissenters found little hope in the secular ideologies of Wilsonian Progressivism revolutionary Marxism and Cold War liberalism all of which embraced organized killing at one time or another The example of Jesus they believed demonstrated the immorality and futility of such violence under any circumstance and for any cause Yet the theories of Christian nonviolence are anything but fixed For decades followers have actively reinterpreted the nonviolent tradition keeping pace with developments in politics technology and culture Tracing the rise of militant nonviolence across a century of industrial conflict imperialism racial terror and international warfare Kosek recovers radical Christians remarkable stance against the use of deadly force even during World War II and other seemingly just causes His research sheds new light on an interracial and transnational movement that posed a fundamental and still relevant challenge to the American political and religious mainstream *The Method of the Divine Government, Physical and Moral* James McCosh, 1882 The Acts of the Apostles David Thomas, 1889 **Conscience;** Harry Sophus Sheldon, 1919 **Acts of Conscience** Steven J. Taylor, 2009-07-10 In the mid to late 1940s a group of young men rattled the psychiatric establishment by beaming a public spotlight on the squalid conditions and brutality in our nation s mental hospitals and training schools for people with psychiatric and intellectual disabilities Bringing the abuses to the attention of newspapers and magazines across the country they led a reform effort to change public attitudes and to improve the training and status of institutional staff Prominent Americans such as Eleanor Roosevelt ACLU founder Roger Baldwin author Pearl S Buck actress Helen Hayes and African American activist Mary McLeod Bethune supported the efforts of the young men These young men were among the 12 000 World War II conscientious objectors who chose to perform civilian public service as an alternative to fighting in what is widely regarded as America s good war Three thousand of these men volunteered to work at state institutions where they discovered appalling conditions Acting on conscience a second time they challenged America s treatment of its citizens with severe disabilities Acts of Conscience brings to light the extra ordinary efforts of these courageous men drawing upon extensive archival research interviews and personal correspondence The World War II conscientious objectors were not the first to expose public institutions and they would not be the last What distinguishes them from reformers of other eras is that their activities have faded from the professional and popular memory Taylor s moving account is an indispensable contribution to the historical record *The Complete Works of Thomas Manton, D.D.* Thomas Manton, William G.
