Christianity Series is the result of a series of Christian tracts that were written to help new believers better understand the basics of our Christian faith. The tracts were designed as a series to provide sound teaching tools to those who disciple and mentor others in the faith. Each book contains ten brief but comprehensive lessons to help believers build a strong foundation in their daily walk with their Lord and Savior Jesus Christ. Whether used in this book format or given to others in their original tract format, the purpose is to ground believers in the basic tenets of the doctrines and principles the God of the Bible would have His children receive, trust in, and rely on. All Scripture is inspired by God and is useful to teach us what is true and to make us realize what is wrong in our lives. It corrects us when we are wrong and teaches us to do what is right. 2 Timothy 3:16 NLT

[Basic Christian Faith](#) C. Donald Cole, 1985

Individual and group Bible students, leaders and teachers, pastors, church libraries, and many others will find this book an invaluable tool. [Essential Christianity](#) Bill Hybels, 1998-08-27

Essential Christianity is your invitation to spirited discussions with others as you explore the basics of faith. You'll learn what it means to really know Christ, the secret of confident living, and how to follow Jesus in a world that's anything but devoted to him.

**Christianity Jr.** Elgin L. Hushbeck, 2017-09-25

In *Christianity The Basics*, Elgin Hushbeck presents the basic doctrines that have defined orthodox Christianity down through the ages, giving a basic defense for this core of the Christian Faith. He also addresses questions such as, can we really know and understand what the Bible teaches, isn't it all just a matter of interpretation, and what do we mean when we say someone is or is not a Christian. This is a serious study but is written in language that anyone can understand. It is suitable for use in classes in basic Christianity as well as for those who want to refresh their memory about the basics and prepare to share their faith intelligently and with grace.

**Christian Theology for a Secular Society** Mark G. McKim, 2008-01-01

It's hard to be the only one. That single sentence from a teenage congregant sums up the conviction that motivated *Christian Theology for a Secular Society*. In these dying days of Christendom, the reality that most Western

Christians face is living out their faith as a minority in the midst of a culture that is at every level personal institutional and societal secular in nature While most living in Western societies still affirm belief in God and often other vaguely recognizable Christian beliefs these affirmations frequently have little to do with how daily life is lived The idea that the God best known to us in Jesus Christ is actually in charge of life is foreign For most Christianity simply does not form an overarching system of meaning that shapes life Instead life is lived largely without reference to God And to live any other way is often hard In this volume Mark McKim sets out to do theology in this context How does one explain the core historic Christian doctrines in a way that makes sense in a secular culture and in a way that will gain a hearing What does it mean to be the church in this new situation Throughout McKim asks the question so what as he relates Christian teachings to a secular society and to what is actually happening in the local church McKim s goal is to enable the singing of the Lord s song in the new and strange land of a secular society

**The Case Against Christianity** Michael Martin,1991 In this systematic philosophical critique of the major tenets of Christianity Michael Martin examines the semantic and epistemological bases of religious claims and beliefs Beginning with a comparison and evaluation of the Apostles Creed the Niceno Chalcedonian Creed and the Athanasian Creed Martin discusses the principal theological historical and eschatological assumptions of Christianity These include the historicity of Jesus the Incarnation the Second Coming the Virgin Birth the Resurrection Salvation through faith in Jesus and Jesus as a model of ethical behavior Until now an adequately convincing criticism of Christianity did not exist Martin s use of historical evidence textual analysis and interpretations by philosophers and theologians provides the strongest case made to date against the rational justification of Christian doctrines
