teaching methods The BASIC READING SERIES is now available in a low cost paperback edition for homeschool and
classroom learning The workbooks for the BASIC READING SERIES contain material with which children can practice their
decoding skills independently of teacher direction The decoding experiences thus provided increase the children's
opportunities to discover sound spelling relationships and to develop automatic word recognition The workbooks also can be
an aid to vocabulary word meaning and concept development as they lead children to associate words with appropriate visual
images and challenge children to deal with the meanings of words phrases and sentences Finally the workbooks are a useful
tool with which to evaluate the children's decoding progress The workbook for Level F has four sections of exercises which
correspond in their sound spelling patterns only to the four sections of the Level F reader The Purple Turtle The exercises
are not tied to the story content of the reader however Each section is identified by numbered tabs in the margins of its
pages Each section begins with word charts that present the new words for that section of Level F Each section progresses
from simple exercises based on single words and phrases to more complex exercises involving sentences and short stories
