D. Joseph M. Price,2008-09-01 Dr Price has long held that the chlorine in drinking water not the cholesterol in food is the major cause of coronary disease In his courageous book he challenges the medical establishment with his own well documented theory directly linking heart disease with chlorine Water Chlorination Jolley,1990-06-21 This is a comprehensive examination of the chemistry environmental impact and health effects of water chlorination as practiced in the areas of water treatment wastewater treatment wastewater disinfection and cooling water use It is the peer reviewed proceedings of the Sixth Conference on Water Chlorination held in Oak Ridge Tennessee The volume represents more than merely conference proceedings Organized in a systematic and holistic fashion it can be read either as a scientific treatise or selectively as individual research and development papers This unique text includes all the ramifications of water chlorination practice and presents the most significant original research and developments of recent occurrence *Philosophical Foundations of Health Education* Ronald S. Laura,Sandra Heaney,2022-10-15 First published in 1990 *Philosophical Foundations of Health Education* analyses the dogmatism of conventional medicine as a form of scientism and tries to determine the extent to which the state of health education has been perverted by an uncritical acceptance of these dogmas It discusses themes like the genesis of reductionist medical science scientism in medicine and the crisis in health care integrating the philosophical foundations of holistic health education holistic understanding of health and disease evolution of primary health care the demystification of medicine and conscientization and health for all to suggest that holism is an integral part of the philosophy of health which allows personal and societal needs to be realized in a global context This book is a must read for students and scholars of philosophy of medicine medical sociology and philosophy of education *Defy Your Doctor and Be Healed C.* Thomas Corriher,Sarah C. Corriher,2013-09-25 Without any fear of repercussion or rejection Thomas and Sarah will lead you through a compelling never before seen exposure of widespread fraud in mainstream and alternative medicine in *Defy Your Doctor and Be Healed* This book is meant to be more than just an investigation of fraudulent medicine it s intended to save your life It s sure to be provocative as you ll learn much of what you re told or sold by medical authorities and the media can be reduced to cleverly devised narratives or pathways for profiteering As you learn the ins and outs you ll be given the tools and knowledge to take charge of your health with confidence As the veteran health detectives of *Health Wyze Media* Thomas and Sarah have earned enduring reputations for asking tough questions and getting unpopular answers They are the producers of *The Health Wyze Report* a hard in depth look at the truth behind today s orthodox and alternative medicine and *The Cancer Report* a documentary about the cancer industry and its alternatives *Defy Your Doctor and Be Healed* is the
