## City Is:

That City is Mine! Cordula Rooijendijk, 2025-10-01 This thesis is about urban ideal images It is about dreams not fictitious beliefs but dreams that humankind can realize tomorrow It is about images from intellectuals pastry cooks urban planners and firemen About people who deeply care about their cities about their hopes frustrations anger and optimism They describe their ideals in city debates to gain support and try to eliminate those with different urban ideal images They grouse cuddle quarrel adore allies and blacken enemies But are they successful Do people change their urban ideal images because of these discussions Does the local planning council change their plans because they conflict with ideals of citizens The answers can be found in this book

*The City Is Up for Grabs* Gregory Royal Pratt, 2024-04-02 Gregory Pratt had a rare front row seat to the passions problems peculiarities hopes disappointments shenanigans and pettiness in the drama and farce that was Lori Lightfoot's uneasy tenure on the fifth floor at City Hall What he delivers on these pages takes us backstage to give us a powerful incisive portrait of the woman the details of her mayoralty and the many players who shared the stage Rick Kogan Chicago Tribune reporter and author of *A Chicago Tavern* Chicago is a world class city but it is also a city in crisis Crime is up schools have repeatedly shut down due to conflict between City Hall and the powerful teachers union and COVID 19 only deepened the entrenched poverty institutional racism and endless tug of war between the city's haves and have nots For four years the person at the center of this storm was Lori Lightfoot A groundbreaking figure the first Black gay woman to be elected mayor of a major city and only the second female mayor of Chicago she knew the city was at a critical turning point when she took office in 2019 But the once in a lifetime challenges she ended up facing were beyond anything she or anyone else saw coming Chicago Tribune reporter Gregory Royal Pratt offers the first comprehensive behind the scenes look at the tumultuous single term of Mayor Lightfoot and the chaos that roiled the city and City Hall as she fought to live up to her promises to change the city's culture of corruption and villainy reform its long troubled police department and make Chicago the safest big city in America Some of Chicago's problems can be explained by forces greater than the mayor national polarization long standing cultural and racial tensions our plague years But some are the result of Lightfoot's poor leadership at City Hall a story that hasn't been told in full until now

**Whose City Is That? Culture, Design, Spectacle and Capital in Istanbul** Dilek Özhan Koçak, Orhan Kemal Koçak, 2014-06-26 *Whose City is That* shows that Istanbul is produced not only by strong and systematic efforts corporate influences and or marketing activities but also by individual contributions and coincidences As such the primary purpose of this book is to find the answer of to whom Istanbul does belong presenting the reader with the richness of human experience and the practice of everyday life The chapters in this book are therefore focused on the physical and economic dimensions as well as the imaginary fictional and hyper real dimensions expressing the concern of bringing the real and imaginary borders of the city together The book provides an understanding that for each inhabitant there is another city another Istanbul Each person living in the city

creates or lives in another city which is made of their own personal and particular experiences In addition the Istanbul the authors understand and describe turns into something different moment by moment which cannot be defined or identified because of its very nature as a megacity However its flow is not aimless and non directional and each sign is not causeless or dateless In this context in order to make the possibilities of the city visible the contributors to this volume ask Istanbul whose city is it The title of the book enables different academics to ask the same question using different methodologies and subjects The question Whose City is That and the necessity of studying Istanbul using multidisciplinary perspectives brought many researchers from different fields together because the city is larger than one approach and the constraints of one unique field Gathering researchers and academics from various disciplines such as communication studies cultural studies cinema media studies literature the fine arts city and regional planning political science social and economic geography anthropology and architecture enables each to think about the city alone and together so as to create new forms of thought and discourse about Istanbul
