Wild Bill Donovan Douglas Waller,2012-02-21 From the author of *Commandos The Inside Story of America's Secret Soldiers* comes an exciting and revealing biography of the father of today's CIA *The last hero* Anthony Cave Brown,1984 Depicts the life of a successful lawyer soldier and athlete who founded and helped direct America's intelligence operations during World War II Donovan of OSS. Corey Ford,1970 William Joseph Donovan and the OSS. United States. Central Intelligence Agency. Library,1957 Donovan of O.S.S. Corey Ford,1971 **Donovan's Devils** Albert Lulushi,2016-02-09 The stirring little known story of the forerunners to today's Special Forces The OSS Office of Strategic Services created under the command of William Donovan has been celebrated for its cloak and dagger operations during World War II and as the precursor of the CIA As the Oh So Social it has also been portrayed as a club for the well connected before during and after the war *Donovan's Devils* tells the story of a different OSS that of ordinary soldiers recruited from among first and second generation immigrants who volunteered for dangerous duty behind enemy lines and risked their lives in Italy France the Balkans and elsewhere in Europe Organized into Operational Groups they infiltrated into enemy territory by air or sea and operated for days weeks or months hundreds of miles from the closest Allied troops They performed sabotage organized native resistance and rescued downed airmen nurses and prisoners of war Their enemy showed them no mercy and sometimes their closest friends betrayed them They were the precursors to today's Special Forces operators Based on declassified OSS records personal collections and oral histories of participants from both sides of the conflict *Donovan's Devils* provides the most comprehensive account to date of the Operational Group activities including a detailed narrative of the ill fated Ginny mission which resulted in the one of the OSS's gravest losses of the war Skyhorse Publishing as well as our Arcade imprint are proud to publish a broad range of books for readers interested in history books about World War II the Third Reich Hitler and his henchmen the JFK assassination conspiracies the American Civil War the American Revolution gladiators Vikings ancient Rome medieval times the old West and much more While not every title we publish becomes a New York Times bestseller or a national bestseller we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home **Spymaster** Frederic E. Wakeman,2003 The most feared man in China Dai Li was chief of Chiang Kai shek's secret service during World War II This sweeping biography of China's Himmler based on recently opened intelligence archives traces Dai's rise from obscurity as a rural hooligan and Green Gang blood brother to commander of the paramilitary units of the Blue Shirts and of the dreaded Military Statistics Bureau the world's largest spy and counterespionage organization of its time In addition to exposing the inner workings of the secret police whose death squads kidnappings torture and omnipresent surveillance terrorized critics of the Nationalist regime Dai Li's personal story opens a unique window on the clandestine history of China's Republican period This study uncovers the origins of the Cold War in the interactions of Chinese and American special services operatives who cooperated with Dai Li in

the resistance to the Japanese invasion in the 1930s and who laid the groundwork for an ongoing alliance against the Communists during the revolution that followed in the 1940s Frederic Wakeman Jr illustrates how the anti Communist activities Dai Li led altered the balance of power within the Chinese Communist Party setting the stage for Mao Zedong s rise to supremacy He reveals a complex and remarkable personality that masked a dark presence in modern China one that still pervades the secret services on both sides of the Taiwan Strait Wakeman masterfully illuminates a previously little understood world as he discloses the details of Chinese secret service trade craft Anyone interested in the development of modern espionage will be intrigued by Spymaster which spells out in detail the ways in which the Chinese used their own traditional methods in addition to adapting foreign ways to create a modern intelligence service

Nazi War Crimes, US Intelligence and Selective Prosecution at Nuremberg Michael Salter,2007-06-11 This book provides a balanced but critical discussion of the contribution of American intelligence officials to the Nuremberg war crimes trials process and reviews recently declassified CIA documents *Air University Review* ,1983-07 [The OSS and Ho Chi Minh](#) Dixee R. Bartholomew-Feis,2006 Some will be shocked to find out that the United States and Ho Chi Minh our nemesis for much of the Vietnam War were once allies Indeed during the last year of World War II American spies in Indochina found themselves working closely with Ho Chi Minh and other anti colonial factions compelled by circumstances to fight together against the Japanese Dixee Bartholomew Feis reveals how this relationship emerged and operated and how it impacted Vietnam s struggle for independence Although the OSS did not bring Ho Chi Minh to power Bartholomew Feis shows that its apparent support for the Viet Minh played a significant symbolic role in helping them fill the power vacuum left in the wake of Japan s surrender Her study also hints that had America continued to champion the anti colonials and their quest for independence rather than caving in to the French we might have been spared our long and very lethal war in Vietnam Based partly on interviews with surviving OSS agents who served in Vietnam Bartholomew Feis s engaging narrative and compelling insights speak to the yearnings of an oppressed people and remind us that history does indeed make strange bedfellows [Creating the Secret State](#) David F. Rudgers,2000 Based almost entirely on archival and other primary sources Rudgers s book describes in detail how the CIA evolved from its original purpose as a watchdog to guard against a nuclear Pearl Harbor to the role of clandestine warriors countering Soviet subversion eventually engaging in more forms of intelligence gathering and covert operations than any of its counterparts
