The Dance ,1930 **The Ringtone** Anoosh Arta,2023-09-07 Sometimes we are damaged by people we know trust and love This damage shocks us and sends us into a state of emotional numbness for a while We trap ourselves in a constant inner fight to believe the reality of the damage We blame ourselves We get shocked and unwantedly disappointed We question our self worth We review what has happened in our mind and look for an excuse to change the whole perception We enrage hold grudges and we plot our revenge This bitter fight will never end unless we change the purpose of the fight to find our true selves We can either give in and play the victim or get on the journey to become strong and unfold our real value The journey is there grab your tools and go for the breakthrough Dance Music Nicolae Sfetcu,2014-05-09 Dance music is music composed played or both specifically to accompany dancing It can be either the whole musical piece or part of a larger musical arrangement Dance music works usually bear the name of the corresponding dance e g waltzes the tango the bolero the can can minuets salsa various kinds of jigs and the breakdown Other dance forms include contradance the merengue the cha cha cha Often it is difficult to know whether the name of the music came first or the name of the dance Although dance is often accompanied by music it can also be presented alone Postmodern dance or provide its own accompaniment tap dance Dance presented with music may or may not be performed in time to the music depending on the style of dance Dance performed without music is said to be danced to its own rhythm An introduction to classical and modern dance including hip hop dance what is dance and the dance music electronic music rock and roll disco house techno trance etc Music and Motion - Interweaving Artistic Practice and Theory in Dance and Beyond Stephanie Schroedter,2026-03-13 How are music sound and dance movement interwoven in artistic processes What kinds of models can be identified when studying the relations between them and which aesthetic intentions correspond to them Based on these questions the contributors to this volume map a wide range of performances from different genres and styles including those that transcend the stage The aim is to discuss relationships between music its physicality and moving bodies in artistic practice In doing so they respond to a theoretical challenge to conceptualize music as an invisible but audible motion from the perspective of perception and on the basis of visible movements that can be staged choreographed or improvised **Folk Tales of Song and Dance** Pete Castle,2021-02-26 The life of the travelling musician hasn t changed much over the millennia For a prehistoric harper a medieval fiddler or a modern guitar player the experience is pretty much the same there are times when everything goes well and others when nothing does But it s not just performing that can go wrong listening can also be dangerous Can you stop dancing when you get tired or must you keep going until the music stops if it ever does What happens if it carries on past midnight What if it turns you to stone Pete Castle has selected a variety of traditional tales from all over the UK and a few from further afield to enthral you whether you are a musician a dancer or a reader who likes to keep dangerous things like singing and dancing at arm s length Breathing Time Beau Willimon,2017-03-16 Jack and Mike
