Best Things In Life:

The Best Things in Life Thomas Hurka,2010-12-03 For centuries philosophers theologians moralists and ordinary people have asked How should we live What makes for a good life In *The Best Things in Life* distinguished philosopher Thomas Hurka takes a fresh look at these perennial questions as they arise for us now in the 21st century Should we value family over career How do we balance self interest and serving others What activities bring us the most joy While religion literature popular psychology and everyday wisdom all grapple with these questions philosophy more than anything else uses the tools of reason to make important distinctions cut away irrelevancies and distill these issues down to their essentials Hurka argues that if we are to live a good life one thing we need to know is which activities and experiences will most likely lead us to happiness and which will keep us from it while also reminding us that happiness isn't the only thing that makes life good Hurka explores many topics four types of good feeling and the limits of good feeling how we can improve our baseline level of happiness making more money it turns out isn't the answer which kinds of knowledge are most worth having the importance of achieving worthwhile goals the value of love and friendship and much more Unlike many philosophers he stresses that there isn't just one good in life but many pleasure as Epicurus argued is indeed one but knowledge as Socrates contended is another as is achievement And while the great philosophers can help us understand what matters most in life Hurka shows that we must ultimately decide for ourselves This delightfully accessible book offers timely guidance on answering the most important question any of us will ever ask How do we live a good life *The Best Things in Life* Peter Kreeft,2009-08-20 Peter Kreeft's Socrates probes the contemporary values of success power and pleasure **The Best Things in Life are Free** Lonely Planet,2016-08-01 Lonely Planet's *The Best Things in Life are Free* is packed full of money saving tips tricks and recommendations for the best value sights and experiences around the world From parks museums and exercise classes that are free to insider ideas on food and experiences offered at great value this book features over 60 major cities around the world and promises to help any traveller on a budget to make the most of their trip Includes parks and gardens street markets and food trucks viewing points museums and galleries free experiences spectator sports city beaches and much more For many free and cheap things are not only appealing but essential for stretching the funds to last as long as possible for an extended journey Yet even on a short trip many unforgettable blasts of freedom and discovery can happen on a thin budget You quickly realise that cheap can mean much much better No fancy Roman trattoria dinner can truly rival the bread and cheese picnic in Villa Celimontana a short walk from the Colosseum on a visit to the Eternal City Needless to say the monetary value implied in the term free can misrepresent what's on offer within these pages The quality of an experience after all is not always attached to a price tag such as the priceless experience of unearthing the world's secret wonders whether that's swimming around Sydney's ocean pools or strolling the tombs and monuments of Delhi's Lodi Gardens Additionally it's an exaggeration to say that everything good is 100% free so you'll find plenty of excellent value
