## Another Way Of Telling:

**Another Way of Telling** John Berger, Jean Mohr, 2016 In one of the most eloquent accounts of photography ever devised originally published in 1982 and unavailable for many years the writer John Berger and the photographer Jean Mohr set out to understand the fundamental nature of photography and how it makes its impact Asking a range of questions What is a photograph What do photographs mean How can they be used they give their answers in terms of a photograph as a meeting place where the interests of the photographer the photographed the viewer and those who are using the photography are often contradictory From these beginnings they develop a theory of photography that has at its centre the form s essential ambiguity arguing that photography is totally unlike a film and has nothing to do with reportage Rather it constitutes another way of telling The unique combination of critic and photographer results in a work that moves beyond the landmarks established by Walter Benjamin Roland Barthes and Susan Sontag to establish a new theory of photography This unique combination of words and pictures includes 230 photographs by Jean Mohr *Summer of Love* Aiye-ko ooto, 2018-11-02 What a wonderful Summer it is I wash spit and drink love From the rising of the sun to the going down of the same Perfect If there is ever an adjective for the sunny days and moonlights I could find beauty in anything and everything The nights left hope for a morning of reunion The afternoons for rendezvous and evenings for long walks in gardens Tell me what else is held back from love Aiyeko ooto observes a summer of lovers 50 poems in 5 movements greens are luxuriant when you are happy The colors of flowers radiant and shimmering Even though a few spots of rain interrupt our rituals We justify it with a need to cool the heat OK so maybe it s not perfect Soft as sandy shores are don t you get few grains blown into your eyes Since when has that stopped anyone going to the beach If Summer comes again I ll be there **Valentini v.
