Citizenship after Yugoslavia Jo Shaw, Igor Štiks, 2013-10-31 This book is the first comprehensive examination of the citizenship regimes of the new states that emerged out of the break up of Yugoslavia It covers both the states that emerged out of the initial disintegration across 1991 and 1992 Slovenia Croatia Bosnia Herzegovina the Federal Republic of Yugoslavia and Macedonia as well as those that have been formed recently through subsequent partitions Serbia Montenegro and Kosovo While citizenship has often been used as a tool of ethnic engineering to reinforce the position of the titular majority in many states in other cases citizenship laws and practices have been liberalised as part of a wider political settlement intended to include minority communities more effectively in the political process Meanwhile frequent re definitions of these increasingly overlapping regimes still provoke conflicts among post Yugoslav states This volume shows how important it is for the field of citizenship studies to take into account the main changes in and varieties of citizenship regimes in the post Yugoslav states as a particular case of new state citizenship At the same time it seeks to show scholars of post Yugoslavia and the wider Balkans that the Yugoslav crisis disintegration and wars as well as the current functioning of the new and old Balkan states together with the process of their integration into the EU cannot be fully understood without a deeper understanding of their citizenship regimes This book was originally published as a special issue of *Citizenship Studies*

Outlook, 1914 *Citizenship Policies in the New Europe* Rainer Bauböck, Bernhard Perchinig, Wiebke Sievers, 2009 *Citizenship Policies in the New Europe* describes the citizenship laws in each of the twelve new countries as well as in the accession states Croatia and Turkey and analyses their historical background *Citizenship Policies in the New Europe* complements two volumes on Acquisition and Loss of Nationality in the fifteen old Member States published in the same series in 2006 Book Jacket *The Battle of Freedom* Samuel Howard Ford, 1855 *The Politics of Princely Entertainment* Valeria De Lucca, 2020-06-03 Throughout early modern Europe patronage became a means for the dominant classes to highlight their wealth intellectual finesse and cultural and political agendas particularly within the court and religious institutions Musical events like operas and carnival parades were an especially essential component of this patronage However the ways in which music patronage changed during the second half of the seventeenth century have largely remained underexplored At the time profound social and cultural transformations influenced the production and consumption of music in radical and permanent ways not least through the influence of the Colonna family Prince Lorenzo Onofrio Colonna and his wife Maria Mancini Two of the most active patrons of seventeenth century Italy they were particularly active in the musical life of Rome Through their sponsorship of an unprecedented number of operas serenatas and oratorios they supported the careers of the most prominent composers librettists and musicians of the period A new exploration of this period of music patronage *The Politics of Princely Entertainment* follows Lorenzo Onofrio and Maria beyond the borders of Rome and through their far reaching personal and institutional travels to Venice Naples and the Kingdom of Aragon Author

Valeria De Lucca traces the journeys of not only scores and librettos but also the singers composers and librettists whose art reached these distant corners of Europe through the Colonna family's patronage activities *The Politics of Princely Entertainment* is a welcome addition to scholarly understanding of music patronage beyond traditional boundaries of gender geography and institutions [The bourgeois republic and the consulate, 1797-1804](#) François-Alphonse Aulard,1910
