Carson The Man Who Divided Ireland:

Carson Geoffrey Lewis,2005-01-01 The partition of Ireland in 1921 and the birth of Northern Ireland as a political entity was the work of one man above all Edward Carson born in Dublin in 1854 was a brilliant lawyer whose cross questioning of Oscar Wilde at his libel trial brought about Wilde s downfall An inspiring orator and a heavyweight at Westminster his defence of Unionism in the years before the First World War and of the rights of Ulster not to be swamped in an independent Ireland made a united Ireland a political impossibility While some of his actions were denounced in England as close to treason Carson s idealism and religious tolerance were untypical of the sectarianism that marred the later history of Northern Ireland Carson The Man Who Divided Ireland is the first modern biography of a major figure in both British and Irish politics BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved **The Lost History of 1914** Jack Beatty,2012-02-21 Challenges beliefs that World War I was inevitable documenting largely forgotten events in each of the warring countries to reveal how several factors may have prevented the war or caused a different outcome **Familia 2005** Trevor Parkhill,2005-12 Familia which was first published in 1985 aims to provide informed writing on sources and case studies relating to that area where Irish history and genealogy overlap with mutual benefit Members of the Foundation s Guild receiveFamiliaand theDirectory of Irish Family History Researchas part of the return on their annual subscription *Carson's army* Timothy Bowman,2017-10-03 The Ulster Volunteer Force UVF was established in January 1913 as a militant expression of Ulster Unionist opposition to the Third Home Rule Bill Academic historians have tended to overlook Ulster Loyalism This book provides the first comprehensive study of the UVF in this period considering in detail the composition of the officer corps the marked regional recruiting differences the ideologies involved the arming and equipping of the UVF and the contingency plans made by UVF Headquarters in the event of Home Rule being imposed on Ulster Using previously neglected sources it demonstrates that the UVF was better armed and less well trained with the involvement of fewer British army officers than previous historians have allowed and suggests that the UVF was quite capable of seizing control of Ulster and installing the Ulster Provisional Government in the event of Home Rule being implemented in 1914 This book will be essential reading for military and Irish historians and their students and will interest any general reader interested in modern paramilitary forces *Shaping Ireland's Independence* M. C. Rast,2019-07-29 This book explores the political and ideological developments that resulted in the establishment of two separate states on the island of Ireland the Irish Free State and Northern Ireland It examines how this radical transformation took place including how British Liberals and Unionists were as influential in the two state solution as any Irish party The book analyzes transformative events including the third home rule crisis partition and the creation of Northern Ireland and the Irish Free State s establishment through the Anglo Irish Treaty The policies and priorities of major figures such as H H Asquith David Lloyd George John Redmond Eamon de Valera Edward Carson and James Craig receive prominent attention as do lesser

known events and organizations like the Irish Convention and Irish Dominion League The work outlines many possible solutions to Britain's Irish question and discusses why some settlement ideas were adopted and others discarded Analyzing public discourse and archival sources this monograph offers new perspectives on the Irish Revolution highlighting in particular the tension between public rhetoric and private opinion

Great Irish Wives Nicola Pierce, 2025-09-08 WINNER History Book of the Year An Post Irish Book Awards Throughout history the stories of women's lives and work have been overshadowed by those of men Wives especially disappear unacknowledged as patrons and champions of their husband's work as collaborators muses carers and managers of the family domain Great Irish Wives shines a spotlight on ten such wives Matilda Tone Mary O Connell Constance Wilde Charlotte Shaw Emily Shackleton Annette Carson Sin ad de Valera Margaret Clarke George Yeats and Beatrice Behan The men in this book are household names from Wolfe Tone and Daniel O Connell to Oscar Wilde and Brendan Behan and they all have one thing in common they married women who enabled them to pursue their dreams even if that meant courting death or outrage Nicola Pierce tells the stories of these truly remarkable women

Manpower and the Armies of the British Empire in the Two World Wars Mark Frost, Andrew L. Brown, Douglas E. Delaney, 2021-06-15 In the first and only examination of how the British Empire and Commonwealth sustained its soldiers before during and after both world wars a cast of leading military historians explores how the empire mobilized manpower to recruit workers care for veterans and transform factory workers and farmers into riflemen Raising armies is more than counting people putting them in uniform and assigning them to formations It demands efficient measures for recruitment registration and assignment It requires processes for transforming common people into soldiers and then producing officers staffs and commanders to lead them It necessitates balancing the needs of the armed services with industry and agriculture And often overlooked but illuminated incisively here raising armies relies on medical services for mending wounded soldiers and programs and pensions to look after them when demobilized Manpower and the Armies of the British Empire in the Two World Wars is a transnational look at how the empire did not always get these things right But through trial error analysis and introspection it levied the large armies needed to prosecute both wars Contributors Paul R Bartrop Charles Booth Jean Bou Daniel Byers Kent Fedorowich Jonathan Fennell Meghan Fitzpatrick Richard S Grayson Ian McGibbon Jessica Meyer Emma Newlands Kaushik Roy Roger Sarty Gary Sheffield Ian van der Waag

Politics and Power in Victorian Ireland Roger Swift, Christine Kinealy, 2006 This collection of original essays sheds new light on the political history of Ireland during the Victorian period These include major reassessments of the attitudes of Queen Victoria and her prime ministers towards Ireland and the Irish Question the ideological influences on Irish radical and nationalist movements during the period the nature and development of Irish unionism and the ways in which political power was influenced mobilized exercised and mediated As such this volume offers new perspectives on the inter relationships between class gender and nationalism demonstrating how Irish politics both energized and shaped political discourse throughout the whole of the United Kingdom
