The President on Trial Sharon

Weill, Kim Thuy Seelinger, Kerstin Bree Carlson, 2020-05-27 During the 1980s thousands of Chadian citizens were detained

tortured and raped by then President Hiss ne Habr s security forces Decades later Habr was finally prosecuted for his role in

these atrocities not in his own country or in The Hague but across the African continent at the Extraordinary African

Chambers in Senegal By some accounts Habr s trial and conviction by a specially built court in Dakar is the most significant

achievement of global criminal justice in the past decade Simply creating a court and commencing a trial against a deposed

head of state was an extraordinary success With its 2016 judgment affirmed on appeal in 2017 the hybrid tribunal in Senegal

exceeded expectations working to deadlines and within its budget with no murdered witnesses or self dealing officials This

book details and contextualizes the Habr trial It presents the trial and its impact using a novel structure of first person

accounts from 26 direct actors Part I accompanied by academic analysis from leading experts on international criminal

justice Part II Combined these views present both local and international perspectives through distinct but inter locking parts

empirical source material from understudied actors both within and outside the court is then contextualized with expert analysis that reflects on the construction and work of the Extraordinary African Chamber EAC as well as wider themes of international criminal law Together with an introduction laying out the work and significance of the EAC and its trial of Hiss ne Habr the book is a comprehensive consideration of a history making trial
