City of Black Souls Kai Parker, 2025-05-20 How Black Protestants in Chicago created Ethiopianism a transnational religious movement against Western imperialism City of Black Souls uncovers the history of how from the late nineteenth to the mid twentieth century Black Protestants in Chicago created a transnational religious movement that connected the Black struggle for freedom in the United States to the global Black fight against Western imperialism This was a movement of Ethiopianism meaning a movement for Black religious and political independence inspired by biblical references to Ethiopia particularly Psalm 68 31 Princes shall come out of Egypt Ethiopia shall soon stretch out her hands unto God Through Ethiopianism Kai Parker argues Black Chicago Protestants drew from Coptic and Ethiopian Orthodox Christian traditions and worked with West African Christians to imagine that Afrodiasporic Christian faith heralded the apocalyptic end of imperialism and white supremacy Parker illuminates the apocalyptic Ethiopianism of famous Black Chicagoans such as Ida B Wells and gospel musician Thomas Dorsey and of lesser known ones such as painter William Edouard Scott and Nigerian immigrant turned anticolonial missionary Samuel Wadiei Martin When John C Robinson a Black Chicagoan led Haile Selassie's air force against Mussolini's invasion of Ethiopia in 1935 1936 this was no coincidence but rather an outgrowth of decades of Ethiopianism in Chicago City of Black Souls shows that Ethiopianism was a dynamic heterogeneous and modern movement through which Black migrants to Chicago engaged the industrial city and influenced the mid twentieth century anticolonial and civil rights movements The book is especially important to Black religious and political studies in its demonstration of how apocalyptic Ethiopianism differed in its contributions to the Black freedom struggle from the canonical prophetic religion grounded in the Exodus notion of moving from slavery to freedom **Herd Register** American Jersey Cattle Club, 1930 *Aaron Henry of Mississippi* Minion K. C. exclusion of African Americans from the political structure These efforts were most clearly evident in his leadership of the integrated Mississippi Freedom Democratic Party delegation which after an unsuccessful effort to unseat the lily white Democratic delegation at the Democratic National Convention in 1964 won recognition from the national party in 1968 The man who the New York Times described as being at the forefront of every significant boycott sit in protest march rally voter registration drive and court case eventually became a rare example of a social movement leader who successfully moved into political office Aaron Henry of Mississippi covers the life of this remarkable leader from his humble beginnings in a sharecropping family to his election to the Mississippi house of representatives in 1979 all the while maintaining the social change ideology that prompted him to improve his native state and thereby the nation
