Alligator Man

George Grant MacCurdy

Alligator Man:

Home Game Paul Quarrington, 2011-10-12 Nathanael Crybaby Isbister was once the greatest baseball player in the world but now he is a down on his luck drifter on the road to oblivion That is until he wanders into a circus sideshow troupe stranded in a tiny Michigan town dominated by a hellfire and brimstone religious sect The sect vows to drive the troupe out but give them one unlikely chance to remain the baseball game to end all baseball games A funny moving novel Home Game walks the straight but delicate line between absurdity and compassion with dazzling style and expertise *Tejas Knight* Canaan Osborne, 2023-04-21 On the continent of Nova Sipmo the Republic of Tejas is surrounded by hostile neighbors and menaced by many dangers foreign invaders bandits demons pirates and more To fight these dangers there is a special order of elite gunslinging warriors the Knights of Tejas Samuel Uzburne is a veteran of the knights and he feels like he has seen it all in his many years of service In fact he feels like he has seen entirely too much The knights aren't what they used to be They've grown corrupt and self-serving with time and Samuel has grown cynical about trying to save the order from itself despite the protests of his adopted son Yigbo But when an invasion of Tejas from the Blood Ridge Mountains ends under mysterious circumstances the two knights are drawn into a murder mystery involving the heiress of a murdered abolitionist They soon find evidence of a conspiracy by Tejas's aristocratic elites to threaten the republic As the conspiracy is uncovered Samuel receives a shocking revelation from his past and it becomes clear that dark supernatural forces are at work in the land of Tejas They were forces so ancient and powerful that they could threaten the very survival of the country and the continent itself

The Creative Therapist Bradford Keeney, 2010-04-15 In *The Creative Therapist* Bradford Keeney makes the case that creativity is the most essential aspect of vibrant meaningful and successful therapy No matter what therapeutic orientation one practices it must be awakened by creativity in order for the session to come alive This book presents a theoretical framework that provides an understanding of how to go outside habituated ways of therapy in order to bring forth new and innovative possibilities A basic structure for creative therapy based on the outline of a three part theatrical play is also set forth With these frameworks practical guidelines detail how to initiate and implement creative contributions to any therapeutic situation *Physical Education Initiatives for Early Childhood Learners* Gil-Madrona, Pedro, 2021-04-02 In early childhood education children find in their own body and movement the main way to get in touch with the reality that surrounds them and therefore acquire knowledge about the environment in which they grow and develop Undoubtedly the progressive discovery of the body itself as a source of feelings and sensations as well as exploring the different possibilities of action and bodily functions constitutes necessary experiences on which children's thinking is built Furthermore the affective relationships established in psychomotor education situations and particularly through play are essential for the emotional development of children *Physical Education Initiatives for Early Childhood Learners* offers globalized educational practices didactic approaches and proposals for intervention around motor development in the children ages 0-6 years The book

specifically explores laterality coordination relaxation rhythm etc and how these are achieved through games music and motor stories This book is ideal for early childhood educators physical education teachers administrators daycares preschools early childhood learning centers researchers academicians and students interested in physical education s role in early child development

Alligator Man Jack A. Kaplan,1974 *Bigfoot to Mothman* Margo DeMello,2024-01-25 This one volume encyclopedia introduces readers to the world s cryptids those hidden or secret animals believed to exist at the margins of human society including Bigfoot Yeti the Loch Ness Monster and the Mothman
