*Nietzsche's "Ecce Homo"* Nicholas Martin,Duncan Large,2020-12-16 Friedrich Nietzsche s intellectual autobiography Ecce Homo has always been a controversial book Nietzsche prepared it for publication just before he became incurably insane in early 1889 but it was held back until after his death and finally appeared only in 1908 For much of the first century of its reception Ecce Homo met with a sceptical response and was viewed as merely a testament to its author s incipient madness This was hardly surprising since he is deliberately outrageous with the megalomaniacal self advertisement of his chapter titles and brazenly claims I am not a man I am dynamite as he attempts to explode one preconception after another in the Western philosophical tradition In recent decades there has been increased interest in the work especially in the English speaking world but the present volume is the first collection of essays in any language devoted to the work Most of the essays are selected from the proceedings of an international conference held in London to mark the centenary of the first publication of Ecce Homo in 2008 They are supplemented by a number of specially commissioned essays Contributors include established and emerging Nietzsche scholars from the UK and USA Germany and France Portugal Sweden and the Netherlands [Thus Spake Zarathustra Annotated](#) Friedrich Wilhelm Nietzsche,2021-01-10 Thus Spoke Zarathustra German Also sprach Zarathustra sometimes translated Thus Spake Zarathustra subtitled A Book for All and None Ein Buch f r Alle und Keinen is a written work by German philosopher Friedrich Nietzsche composed in four parts between 1883 and 1885 Much of the work deals with ideas such as the eternal recurrence of the same the parable on the death of God and the prophecy of the Overman which were first introduced in The Gay Science Described by Nietzsche himself as the deepest ever written the book is a dense and esoteric treatise on philosophy and morality featuring as protagonist a fictionalized Zarathustra A central irony of the text is that the style of the Bible is used by Nietzsche to present ideas of his which fundamentally oppose Judaeo Christian morality and tradition **Thus Spake Zarathustra (Annotated)** Friedrich Nietzsche,2020-12-23 Thus Spake Zarathustra German Also sprach Zarathustra sometimes translated Thus Spake Zarathustra subtitled A Book for All and None Ein Buch f r Alle und Keinen is a written work German philosopher Friedrich Nietzsche composed in four parts between 1883 and 1885 Much of the work deals with ideas such as the eternal recurrence of the same the parable on the death of God and the prophecy of the Overman which were first introduced in The Gay Science Described Nietzsche himself as the deepest ever written the book is a dense and esoteric treatise on philosophy and morality featuring as protagonist a fictionalized Zarathustra A central irony of the text is that the style of the Bible is used Nietzsche to present ideas of his which fundamentally oppose Judaeo Christian morality and tradition *Democratic Anxieties* Mario Feit,2011-03-15 Democratic Anxieties Same Sex Marriage Death and Citizenship proceeds from the

surprising parallels between straight and gay opponents of same sex marriage With their apocalyptic rhetoric they inadvertently point to a frequently neglected existential dimension of democratic citizenship Democratic Anxieties argues that we must pay attention to the existential significance of democratic citizenship because otherwise we end up with anxious democracy a democracy that cannot fully embrace pluralism especially when the connections between sex death and citizenship are at stake This book pursues a less anxious conception of democratic citizenship in chapters on Jean Jacques Rousseau Hannah Arendt and Friedrich Nietzsche Feit reveals how Rousseau diminishes democratic citizenship by linking it to existential consolation via sexual reproduction He interprets Arendt as a queer theorist because she rejects the heteronormative pursuit of reproductive immortality Yet the hope for immortality persists within Arendt s conception of political action which delimits its democratic potential Feit argues that Nietzsche resists both Rousseau s political idealization of heterosexuality and Arendt s anxious alternative Calling for an affirmation of death Nietzsche creatively reimagines sexual as well as cultural reproduction that pluralizes democratic citizenship The resulting more existentially aware democratic politics not only contributes to lesbian and gay equality but is also critical in a post September 11 world
