Alternative Dispute Resolution in Energy Industries Mustafa Oğuz Tuna, 2022-04-03 The disputes that arise between host states and investors in the energy sector put a high number of valuable and vital projects in the countries at risk. Investment treaty arbitration mechanisms as the traditional remedy have provided a solution to these problems for decades. However, as the number of disputes increases, the sufficiency of arbitration in responding to disputes became questionable. In addition to the long-lasting and costly cases, accordingly, ADR mechanisms outside the arbitration cannon have triggered growing interest among practitioners. Despite the attraction and the apparent benefits of ADR such as being cheaper, faster, and with better outcomes compared to arbitration, there are also hurdles in front that hinder the application of ADR. This has led to the underuse of ADR in appropriate contexts. This study has been conducted to research the gap for the applicability of the ADR methods for investment disputes in the energy sector with the doctrinal analysis of the existing literature, either promoting or opposing ADR. Its findings provide guidance for alternative dispute resolution practitioners on when to use ADR, how to use ADR, and on what disputes ADR to be used to resolve conflicts in International Energy Investment.

Alternative Dispute Resolution System in India Dr. Ashok Kumar, 2021-09-09 The Alternative Dispute Resolution System is a dynamic subject of resolving the early disputes and it is achieving its popularity in the present scenario. It involves the whole community of the nation. It is very speedy, cheap, and inexpensive system of resolving the disputes. It reduces the burden of the traditional or regular courts. The book provides the proper information and knowledge about the ADRS to the students. The book is divided into nine chapters. The chapter one is related to Introduction of Alternative Dispute Resolution System. The Chapter two is concerned to the Nature and Historical Development of ADRS. The Chapter three is related to the Factors of ADRS. The Chapter four is concerned to the Techniques of the ADRS. The Chapter five is related to the Indian Laws and ADR. The Chapter six is designated as Nyaya Panchayat and Gram Nayalaya. The Chapter seventh is related to the Arbitration and Conciliation Act 1996. The Chapter eight is related to the Innovative Trends of Justice and ADR. The chapter nine is concerned to Litigation Policy. The language of the book is very understandable to the common man.
