Baptists Ecumenism:

Baptist Theology James Leo Garrett, 2009 This title offers a comprehensive analysis of Baptist theology Embracing in one common trajectory the major Baptist confessions of faith the major Baptist theologians and the principal Baptist theological movements and controversies this book spans four centuries of Baptist doctrinal history Acknowledging first the pre 1609 roots patristic medieval and Reformational of Baptist theology it examines the Arminian versus Calvinist issues that were first expressed by the General Baptists and the Particular Baptists that dominated English and American Baptist theology during the seventeenth and eighteenth centuries from Helwys and Smyth and from Bunyan and Kiffin to Gill Fuller Backus and Boyce and that were quickened by the awakenings and the missionary movement Concurrently there were the Baptist defense of the Baptist distinctives vis a vis the pedobaptist world and the unfolding of a strong Baptist confessional tradition Then during the nineteenth and twentieth centuries the liberal versus evangelical issues became dominant with Hovey Strong Rauschenbusch and Henry in the North and Mullins Conner Hobbs and Criswell in the South even as a distinctive Baptist Landmarkism developed the discipline of biblical theology was practiced and a structured ecumenism was pursued Missiology both impacted Baptist theology and took it to all the continents where it became increasingly indigenous Conscious that Baptists belong to the free churches and to the believers churches a new generation of Baptist theologians at the advent of the twenty first century appears somewhat more Calvinist than Arminian and decidedly more evangelical than liberal *Seeds of the Church* Teun van der Leer, Henk Bakker, Steven R. Harmon, Elizabeth Newman, 2022-11-30 The landmark World Council of Churches convergence text *The Church Towards a Common Vision* 2012 which has the potential to become this generation s Baptism Eucharist and Ministry 1982 invites the churches to envision how their own distinctive visions of the church might have a place in the global church s imagination of the ecumenical future *Seeds of the Church Towards an Ecumenical Baptist Ecclesiology* is a collaborative effort by members of the Baptist World Alliance Commission on Baptist Doctrine and Christian Unity to respond to this invitation This book contends that the distinctive Baptist ecclesial vision is best embodied in twelve core practices of Baptist churches and their interrelationship covenanting discerning gathering befriending proclaiming equipping baptizing discipling caring theologizing scattering and remembering *Seeds of the Church* opens a window on what is possible when Baptists engage with people of other Christian traditions in the exploration of the common heritage of people belonging to the one household of faith The global Baptist theological voices represented in this volume offer it as a reading of an ecumenical text in a Baptist key that paves the way for ecclesiological renewal among Baptists and in the whole church to which they belong [Baptist Identity and the Ecumenical Future](#) ,2016 Steven R Harmon explores the relationship of the Baptist calling to be a pilgrim community and the ecumenical movement Harmon argues that neither vision can be fulfilled apart from a mutually receptive ecumenical engagement As Harmon shows Baptist communities and the churches from which they are separated need one another Chief among the gifts Baptists have

to offer the rest of the church are their pilgrim aversion to overly realized eschatologies of the church and their radical commitment to discerning the rule of Christ by means of the Scriptures Baptists in turn must be willing to receive from other churches neglected aspects of the radical catholicity from which the Bible is inseparable Embedded in the Baptist vision and its historical embodiment are surprising openings for ecumenical convergence Baptist Identity and the Ecumenical Future urges Baptists and their dialogue partners to recognize and embrace these ecumenically oriented facets of Baptist identity as indispensable provisions for their shared pilgrimage toward the fullness of the rule of Christ in their midst which remains partial so long as Christ's body remains divided

An Unfolding Story Martin Paul Sutherland, Laurie Guy, 2014 Baptists in New Zealand have built few lasting denominational institutions In keeping with a congregational emphasis the focus has been on the local church The Missionary Society born out of the recognition that some tasks are better done together is an obvious exception Another is Carey Baptist College From nondescript beginnings the college has become a broad based theological provider in the first rank of New Zealand institutions This volume unfolds the story of this crucial Baptist venture The deeper narrative is of relationships innovation and commitment It is a story worth telling

Interfaces Baptists and Others David Bebbington, 2014-07-08 The book is a

collection of twenty one essays discussing how Baptists throughout the world have related to other Christians and to other institutions and movements over the centuries The theme of this collection of twenty one essays Baptists and Others includes relations with other Christians and with other institutions and movements What the authors ask has been the Baptist experience of engaging with different groups and developments The theme has been explored by means of case studies some of which are very specific in time and place while others cover long periods and more than one country In the first half the contents are arranged by period The first section examines early Baptists the second nineteenth century Baptists in Britain and America and the third Baptists in the twentieth century The second half turns to various parts of the world There is a section on Australia another on New Zealand and a third on Asia and Africa The overall picture is one of a complicated series of relationships as Baptists defined themselves as different from other bodies and yet especially in the twentieth century tried to co operate in mission and ecumenical endeavour Baptists are often regarded as enthusiastic separatists and unenthusiastic ecumenists These essays based on hard evidence rather than passing impressions are a necessary correction to superficial prejudices and show the reality to be much more complex and nuanced as well as varied over time and place The book is a smorgasbord of delights Yet readers should avoid the temptation to pick and choose from the menu ensuring rather that each offering is digested so they enjoy a balance and nutritious meal

Ecumenism Means You, Too Steven R. Harmon,2010-03-15 By all accounts the modern ecumenical movement is not moving much these days Despite dramatic breakthroughs in the past few decades the quest for a visibly

united church in which there is common confession of the apostolic faith full Eucharistic communion and mutual recognition of members and ministers now meets with indifference by many impatience by some and outright hostility by others In part this is because the movement has not given enough attention to grassroots ecumenical engagement This book is written to convince ordinary Christians especially young Christian adults that they too have a stake in the future of the ecumenical movement as its most indispensable participants Ecumenism Means You Too draws on the music of Irish rock band U2 to cast artistic light on various aspects of the quest for Christian unity Whether one is a U2 fan or not and whether one thinks the ecumenical movement is a good thing or a bad thing for the church everyone who reads this book will learn something about the Christian theological framework apart from which neither the modern ecumenical movement nor the meaning of U2 s music can be understood The book includes an annotated bibliography of resources for ecumenical engagement and a glossary of key ecumenical terms for readers who want to learn more about the Christian practice of seeking the unity of the church
