Christian Conspiracy:

Christian Nation, 1908 **Malaysian Christians Online** Meng Yoe Tan, 2020-02-26 Many facets of social life are now intrinsically linked to the Internet through increasing dependence of user centric platforms like blogs social networking websites online forums and open source websites The Malaysian Church is not exempt from having to negotiate with an increasingly tech savvy and networked community of believers Based primarily on Internet ethnography and interviews with Christian bloggers and church pastors this book looks at how the Internet is a component of everyday religion in the lives of Malaysian Christians at individual institutional and national levels It examines the ways in which online Christian expressions are increasingly integrated into the everyday religious routines of Christians for the development of their personal identities and inter religious interactions This book also shows how the spiritual authority of church pastors can be both challenged and reinforced through the creative use of online tools It addresses some of the creative ways in which Christians utilise the Internet to engage with national socio political issues within the context of restrictive and controlled mainstream media as well as the ongoing discourse with Islam in the country Through a selection of case studies this book shows that while the Internet may be free the users of the Internet are not necessarily so While the Internet has provided Malaysian Christians with new tools to experience their faith in new ways several aspects of old offline socio cultural habits persist online These in turn lead to a robust and growing environment of Internet Christianity in Malaysia This timely book will be of interest to scholars in religious studies media and communications and cultural studies in Southeast Asia The Christian Advocate, 1912

Beware of Hypocrisy Robert Waligurski, 2019-08-08 Surveys have shown that only about 10 to 30 percent of modern day Christians have ever read through the entire Bible much less extensively studied it Instead most rely on their church for the majority of their understanding of the teachings of Jesus Exclusively relying on one institution for such vital information can be dangerous yet this seems to be a trend in our society Beware of Hypocrisy was written to explain why this trend is dangerous and to encourage Christians to study the New Testament especially the Gospels themselves After almost two thousand years of making assumptions and inventing doctrines churches have subtly changed over time the teachings of

Jesus into something different from what is presented in the Scriptures This will be demonstrated by analyzing the teachings of Jesus regarding a given topic as presented in the Bible and then contrasting it with what churches teach and do regarding the subject The book concludes with encouragement from hope in the Word of the Lord In addition techniques for studying the Bible are presented along with recommendations on Bible translations online Bibles and Bible apps
