Christian Life in the Community Alexander John William Myers, 1919 *Hear My Voice, O God* Matthew Cheung Salisbury, 2014 This study considers what Christian worship has meant to its contemporaries across the centuries It treats different episodes in the history of the Christian Church and applies to each episode the questions Why did Christians go to church Why worship What happened to Christians there substantively and otherwise and how did they respond With these particular queries as well as passages from contemporary theological and liturgical texts as a starting point Cheung Salisbury carefully explores the evidence for the functions of Christian worship He argues that the purpose and function of worship in Christian life has never been static and the particular approach of different periods to the liturgy has been moderated by wider cultural influences by theological developments and changes and by the particular circumstances in which the worship was carried out Cheung Salisbury proposes that the various forms of worship through the centuries and the understanding of liturgy and worship

Cláudio Carvalhaes, 2018-11-09 This book connects the living realms of the church the self the neighbor and the world It envisions our daily local and global life from liturgical spaces places where Christians worship God Through these relations we can connect worship with economy preaching with raising a village baptism with forms of citizenship ecology and the market Easter with immigration liturgical knees with colonization spirituality with minority voices all uttering prayers that name racism poverty and a liberation theology of glory In these pages Claudio Carvalhaes issues a call to the churches to move from captive and colonized spaces into where the Spirit lives among the poor the needy the forgotten With a variety of relations between the Christian faith and our cultural ways of living Carvalhaes offers new liturgical and theological imaginings to be engaged with the most vulnerable in our societies and the earth A creative liturgical theology of liberation that makes sense of God between the world and the table altar between the pulpit and local communities the worship space and our multiple lived experiences For liturgy is an endless song of liberation This book is a call to life

Holy Sex Austin L. Leininger, 2025-10-03 Christians need a new perspective from which to engage in the question and conversation of human sexuality Writing from an understanding of sexual intimacy as a gift from God that offers humankind the opportunity to transcend our separateness as embodied people this text explores the sacramental aspects of sex as an access point for experiencing God's grace While we may certainly learn things about sex from God there are also things we can learn about our passionate relational and loving God from sex Seeking insight from the existing sacraments of Baptism and Eucharist sex is examined sacramentally as a basis for describing a sacramental approach to sexual ethics The method is then applied to difficult contemporary questions for both Church and society Specifically applied to the ongoing discussion of the legitimacy

and morality of LGBTQIA2S relationships the method demonstrates a significant contribution to the faithful discussion of sex and theology as mutually informing conversation partners
