Christian Morgenstern:

Christian Morgenstern Erich Hofacker, 1978 *30 Poems by Christian Morgenstern*, 2015-02-27 Christian Morgenstern 1871 1914 was the son and grandson of painters His mother died when he was still a child his relations with his father in later life were vexed He traveled to Norway when young and in his early literary activity translated the plays of Henrik Ibsen Unlucky in first love he eventually married happily and enjoyed several years of settled domesticity before dying of consumption at the age of forty three being spared the First World War Morgenstern's poetry falls into two classes One comprises a spiritual testament to his interest in Rudolf Steiner whose lectures he attended regularly These are not widely read The poems he is known and loved for are of a different complexion entirely They are collected under the title *Alle Galgenlieder* or *Complete Gallows Songs* although they are nothing if not cheerful They are short light hearted ingenious and unexpected and are permanently lodged in the German psyche where they reside in transnational communion with runcible spoons and vorpal blades **Selected Poems of Christian Morgenstern** Christian Morgenstern, 1973 [Christian Morgenstern](#) Christian Morgenstern, 1923 **Christian Morgenstern** Bernd-Udo Kusch, 1980 *Christian Morgenstern's Galgenlieder* Christian Morgenstern, 1966 **The Gallows Songs** Christian Morgenstern, 2026-01-27 A collection of dazzling playful and linguistically inventive poetry by one of Germany's finest writers in a classic translation that honors the author's amazing verbal acrobatics Christian Morgenstern's *The Gallows Songs* are some of the most delightful and imaginative creations of twentieth century German poetry Composed originally after an outing Morgenstern took with his friends to Gallows Hill near Potsdam these lively puckish poems envision Gallows Hill as a fantastical world populated with fabulous animals bizarre mechanisms and some truly unruly punctuation Morgenstern felt that people often used their familiar language unthinkingly without ever pausing to marvel at the glorious arbitrariness of words Through poems chock full of irresistible wordplay and unabashedly exuberant rhymes he invites us to meditate but also to meditate on all the incidents and accidents of language that make the world of words so vibrant True to the spirit of Morgenstern's linguistic mischief Max Knight's translation sparkles with uncommon wit as it reinvents in English Morgenstern's daring verbal acrobatics and is itself a feat of poetic genius *The Mystery of the Resurrection in the Light of Anthroposophy* Sergei O. Prokofieff, 2010 We live today at a time when the full mystery of the Resurrection body can become manifest to human beings out of the inspirations of Michael This was accomplished by Rudolf Steiner not just in a theoretical sense but also practically and came about through the establishing of a path accessible to all human beings which leads to a union with the forces of the Resurrection body Sergei Prokofieff approaches the deepest mysteries of the Turning Point of Time the Christ event through Rudolf Steiner's spiritual research At its heart stands the question of the restoration of the phantom of the physical body and its transformation into the resurrected body of Christ through the Mystery of Golgotha The author draws a broad and differentiated picture of the tasks and possibilities that the Easter event as well as Ascension and

Pentecost present both for the individual and humanity The final chapter considers the mystery of Easter Saturday through which the two polar aspects of the Mystery of Golgotha death and resurrection interconnect also explaining the relationship between the Earth Spirit and the interior of the Earth An appendix tackles the phenomenon of stigmatization from a spiritual scientific perspective

Zarathustra's Children Raymond Furness,2000 A study of the enormous influence of the writings of Friedrich Nietzsche on turn of the century German literature The aim of this book is to explore that post Nietzschean archipelago of German literature which no one mind can hope to map let alone inhabit Michael Hamburger and to introduce it to the English speaking reader for the firsttime in accessible form The study starts from the assumption that the daring imagery and cosmic sweep of Thus Spake Zarathustra provided the impetus for the creation of visionary epics and cosmological poetic universes The book is original in that it presents for the first time a selection of writers hitherto regarded as impossible of access and reduces their epic scope to manageable proportions while preserving their essential meaning Among thewriters treated are Alfred Mombert Theodor D ubler Rudolf Pannwitz Ludwig Derleth Alfred Schuler Ludwig Klages Christian Morgenstern and the members of the Friedrichshagen Circle Furness draws on the most recent scholarship and provides a fascinating account of a lost generation The book will be of interest to Nietzsche scholars to students of Lebensphilosophie and to those interested in German literature around the turn of the century It will be of special interest to those drawn to the creation of myths and to radical religious thought Raymond Furness is professor and former chair of German at St Andrews University Scotland He has published widely on late nineteenth and early twentieth century German literature

Crisis in the Anthroposophical Society Sergei O Prokofieff,Peter Selg,2013 More than 100 years after its founding the Anthroposophical Society faces serious questions some of an existential nature regarding its purpose and tasks today On March 30 2012 at the Society s Annual General Meeting in Dornach Sergei Prokofieff and Peter Selg gave lectures in which they addressed difficult issues related to the General Anthroposophical Society and its global headquarters the Goetheanum in Switzerland Their lectures were met with a mixture of enthusiastic support and stern disapproval They are reproduced here in full together with supplementary material that helps broaden and deepen their themes so that every interested individual has access to them
