Recover evangelicalism's foundations by returning to its architect None doubt the influence of Carl F H Henry the theological architect of contemporary evangelicalism Through his prolific writing and editorial role in Christianity Today Henry is known for addressing contemporary theology individual and social ethics and cultural criticism But he has been critiqued for an underdeveloped pneumatology In Carl F H Henry on The Holy Spirit Jesse M Payne argues that Henry cannot truly be understood apart from his mature pneumatology The Spirit plays a vital role in three major areas of Henry's theology revelation ecclesiology and ethics These seemingly disparate topics are tied together by his view of a Spirit inspired Bible ordering a Spirit enlivened body composed of Spirit filled believers Readers will gain a more holistic view of Henry the role of the Spirit in his life and thought and early neo evangelical theology Christian Ethics: Special part: pt. 1, Individual ethics, tr. from the author's German ed. by William Affleck; pt. 2, Social ethics, tr. from the author's German ed. by Sophia Taylor

Trippie, 2022-11-14 Religious liberty is America's first freedom But in recent years challenges to religious liberty have abounded For example some claim that religious freedom promotes intolerance and bigotry while others contend religious freedom condemns people to hell And others weaponize religious liberty for culture warring Nevertheless evangelicals believe that religious liberty is fundamentally a matter of human dignity thus religious liberty is a right we must preserve for all people This book will explore how evangelical anthropology cosmology and eschatology offer the most stable basis for religious freedom Secular and Roman Catholic theories may positively contribute to religious liberty but the evangelical model is superior because it answers fundamental questions left unanswered in other models Christian Ethics (Revised Edition) Wayne Grudem, 2024-09-18 What Does the Bible Teach about How to Live in Today's World How should

Christians live when the surrounding culture is increasingly hostile to Christian moral values. Granted the Bible is our guide but how can we know if we are interpreting it rightly with regard to ethical questions about wealth and poverty, marriage and divorce, birth control, abortion, euthanasia, homosexuality, ethical business practices, environmental stewardship, and dozens of other issues? And on a very practical level, how can we know God's will in the ordinary decisions of life? To address questions like these, Wayne Grudem, author of the bestselling book *Systematic Theology*, draws on 40 years of teaching classes in ethics to write this wide-ranging introduction to biblical moral reasoning, organized according to the structure of the Ten Commandments. He issues a challenging call for Christians to live lives of personal holiness and offers a vision of the Christian life that is full of joy and blessing through living each day in a way that is pleasing to God. Written by Wayne Grudem, bestselling author of *Systematic Theology* and the *What the Bible Says About* series, *Biblical and Applicable* teaches readers how to protect 7 central tenets of God's law: God's honor, human authority, life, marriage, property, truth, and purity of heart. Accessible and ideal as a textbook for Christian college and seminary ethics classes, with straightforward language and a bibliography for the topic at the end of each chapter, it replaces ISBN 978-1-4335-4965-6. *Essential Evangelicalism*, Matthew Hall, Owen Strachan, 2015-09-01. Carl F. H. Henry was one of the most influential and formative evangelical voices of the twentieth century. His life and work continue to shape how evangelicals understand themselves, the gospel, and the world around them, offering wise guidance for remaining faithful to God's Word in the midst of a faithless world. In *Essential Evangelicalism*, some of today's prominent voices offer fresh and timely assessments of Henry's life and legacy, contending that his work is as relevant as ever for a new generation of evangelical Christians. These essays offer world-class scholarship and fresh perspectives on one of the most important Christian leaders of recent memory. *Christianity and Ethics*, Archibald Browning, Drysdale Alexander, 1925. **The Ethics of Socialism**, Bax, 1893. **The Ethics of Socialism**, Ernest Belfort Bax, 1907. *The Christian Enthusiasm*, Charles Adams Allen, 1888. **Christian Ethics**, Robin W. Lovin, 2000. Robin W. Lovin achieves a balance between the questions and issues which form the core of the study of ethics and the life situations from which those questions arise. **Catalogue of the Officers and Students of the General Theological Seminary of the Protestant Episcopal Church in the United States, Located in the City of New-York**, General Theological Seminary (New York, N.Y.), 1914. *Christian and Mohammedan*, George Frederick Herrick, 1912.
