Christian Symbol and Ritual Bernard Cooke, Gary Macy, 2005-09-08 In *Christian Symbol and Ritual* Bernard Cooke and Gary Macy offer an accessible and engaging introduction to the topic written from a non denominational perspective Cooke and Macy demonstrate that celebration ritual and symbol are already central to our lives even though most do not see their actions as symbolic or ritualistic They connect central Christian symbols to the symbols and rituals already present in everyday life and place Christian theology in a familiar context After discussing the characteristics and functions of rituals they explore different kinds of ritual including those of friendship worship and healing The authors also examine such questions as how rituals establish and maintain power relationships how official rituals are different from popular Christian rituals and devotions and how Christian rituals function in the process of human salvation *Christian Symbol and Ritual* is an invaluable resource for students teachers and lay readers

**Liturgical Theology as a Research Program** Joris Geldhof, 2020-06-02 This essay is centered around five questions i What is the proper place of liturgical theology ii Which evolutions have there been in the past and which current tendencies are there in the field of liturgical theology iii Which contents must liturgical theologians focus on iv How can liturgical theologians engage in research And v How can liturgical theology appropriately respond to what happens in Church and society Each question corresponds with one part The rationale behind ordering the content of this essay in this way is the following starting from a reflection about the non evident place of liturgical theology an attempt is made to give it a fitting profile again on the basis of its genealogy in the Liturgical Movement Correspondingly liturgical theology can be considered a full fledged research program which does not simply deal with Christian rituals festivals and sacraments but with the core of Christian faith

Orthodox Sisters William G. Wagner, 2024-07-15 *Orthodox Sisters* explores the relationship between women religion and social cultural and economic change between 1700 and 1935 through the experiences of Orthodox convents in Nizhnii Novgorod diocese Focusing primarily on the Convent of the Exaltation of the Cross William G Wagner places the women s experiences in the broader context of developments in female monasticism and religious life in Russia as well as in Europe and North America over the same period This is the first comprehensive study that follows a Russian convent through all the stages of its life from its origins in the eighteenth century to its flourishing at the turn of the twentieth century to its resistance to Soviet assault and finally to its rebirth in the 1920s By the late nineteenth century the Convent of the Exaltation of the Cross and the other convents and women s religious communities in Nizhnii Novgorod diocese constituted a reimagined form of a traditional Orthodox monastic community Wagner shows how these nuns and novices adapted to the conditions of emergent modernity in a distinctively Orthodox way When almost everything but their communal life work and worship and their sacred spaces had been stripped away and they were subject to the socialist state s efforts at subversion the sisters of the Convent of the Exaltation of the Cross and the other convents in the diocese created an authentic Christian community that gave their lives
