

A sunset landscape with a large tree silhouette and a winding road. The sky is filled with vibrant orange and yellow clouds, and the sun is low on the horizon, casting a warm glow. A large, dark silhouette of a tree is prominent in the foreground, and a winding road leads into the distance. The overall scene is serene and evocative.

Reviving Christian Humanism Don S. Browning,2009-11-30 Browning argues that the time is right for religious intellectuals in conversation with the social sciences to reinvigorate the deep humanistic strands of the grand religions and enter into global interfaith dialogue on that basis Concentrating on the Christian heritage he draws on such diverse disciplines to envision a broader canvas for psychology a keener theological use of new insights from psychology a more complex understanding of how personal change is fostered a recognition of the indispensable role of institutions in personal formation and ethical deliberation and a deeper spirituality that directly feeds the common human endeavor and the public good

**Christian Humanism** A. Alasdair A. MacDonald,Zweder R. W. M. von Martels,Jan Riepke Veenstra,2009 It is a misconception that Christianity and Humanism are

in any way in conflict with each other The present book shows that through many centuries and especially in the Renaissance the two stood in a relation that was mutually complementary The contributions in this volume treat aspects and manifestations of this cultural symbiosis and they throw new light on authors and texts both more and less familiar The subject areas discussed include religion history philosophy literature and education The age of Renaissance and Reformation is the central focus but earlier and later periods are also featured The contributions comprise a Festschrift for Professor Arjo Vanderjagt whose work deals centrally with both Christianity and Humanism Contributors are Fokke Akkerman Istv n P Bejczy Alexander Broadie Chris toph Burger Marcia L Colish Albrecht Diem Stephen Gersh Berndt Hamm Volker Honemann Adrie van der Laan Alasdair A MacDonald Peter Mack Zweder von Martels Matthieu van der Meer Hans Mooij Simone Mooij Valk Just Niemeijer John North Willemien Otten Jan Papy Detlev P tzold Rob Pauls Marc van der Poel Burcht Pranger Peter Raedts Han van Ruler Rudolf Suntrup Jan R Veenstra and Ronald Witt

**Confronting a Controlling God** Catherine M. Wallace, 2016-08-24 Christianity has lost control of its brand That matters even for nonbelievers because Christian symbolism permeates Western culture It shapes the source code for how we think about ourselves and what we expect from one another If God is all controlling then human control is divinely sanctioned Our efforts to control one another have cosmic legitimacy the legitimacy claimed by fundamentalists pursuing a political agenda that has nothing to do with Jesus of Nazareth But if God is defined as compassion and loving kindness then Christianity calls the faithful to compassion and radical hospitality Wallace traces the backstory of this vitally important tension all the way back to competing translations of Moses s argument with the burning bush arguing for a Copernican turn in which the spiritual encounter with compassionate Presence lies at the heart of Christianity

*Christian Humanism* Tom Drake, 2012-05-21 Tom Drake Brockman s provocative and scholarly book *Christian Humanism* challenges Christianity at its most basic level It spurns traditional worship practices and offers an alternative that may potentially rescue Christianity from the verge of extinction and with it our tormented planet as it lurches towards disaster Historian teacher and author Tom Drake Brockman explains If Christ were here today he would be too actively involved with issues like Aboriginal child protection and crimes against humanity in places like Syria and the Congo to waste time with the passive futility of church services Jesus did not want to be worshipped He did not come to save us He came to show us how to save ourselves *Christian Humanism* a highly original pertinent and thought provoking book draws on a raft of recent historical research to validate the Judaic humanism of Jesus of Nazareth Tom states that the demise of Christianity is happening slowly in the US and rapidly in Australia and Europe He uses key historical facts and commonsense logic to argue that Christianity s negative dogmas and fossilized hierarchies prevent the religion from fulfilling the radical humanist mission that Jesus envisaged Tom continues The book is so much more than just another anti religious rant On the contrary it seeks to reinstate Christianity as the spiritual and ethical bastion of the Western world The book does not preach or upset fellow Christians rather it opens our eyes using well researched historic facts about Jesus and how the Church

leaders have distorted His message      *Christian Humanism and the Reformation* Desiderius Erasmus,1965 This volume contains translations of several important selections from Erasmus writings and the first biography of the greatest humanist by his friend and colleague Beatus Rhenanus Its purpose is to acquaint the reader at first hand with the life and thought of a truly central figure in the religious drama of the sixteenth century      *Erasmus and the New Testament* Albert Rabil,1993 Erasmus was a sixteenth century educator theologian satirist and scholar and there have been a number of attempts to describe his intellectual development and to measure his greatness However Rabil believes that most interpretations of Erasmus and his work fail in analyzing Erasmus in a way consistent with all the source material on which such an interpretation must be based The author argues that religion and humanism are the proper poles in relation to which Erasmus intellectual development must be understood In Rabil s own interpretation of Erasmus he covers Erasmus intellectual development as it relates to his editing of the New Testament in Greek his translation of it into Latin a look at the methodology in Erasmus annotations and paraphrase of Romans and a comparison of Erasmus and Luther on Romans Rabil demonstrates that Erasmus intellectual development occurred at every turning point from his first poem in 1483 until he achieved a maturity of outlook in his edition of the Greek New Testament in 1516 Originally published in 1972 by Trinity University Press      *Christian Humanism* Edgar Leonard Allen,1951
